ig Ruhr Armament Center Is Probably World's Most Heavily Hammered City Next to Recently Devastated Hamburg

STOCKHOLM REPORTS 1,000 KILLED IN ATTACK

London, Nov. 4.—(P)—A great fleet of RAF heavy bombers hammered the German industrial cities of Duesseldorf and Cologne last night in a swift sequel to a smashing daylight attack on Wilhelmshaven by the largest force of American aircraft ever thrown against the Reich.

The main blow was concentrated on Duesseldorf, making that big Ruhr armament center probably the world's most heavily bombed city next to Hamburg, while a diversionary assault by a smaller force was made on Cologne on the Rhine. Mosquitos also bombed objectives in the Ruhr and Rhineland.

Nineteen aircraft were lost in the night's operations, which included mine-laying in German waters and intruder patrols over targets in France and the low countries. Four enemy aircraft were destroyed by the bombers.

Dispatches from Stockholm quoted the Social Demokraten as saying more than 1,000 persons were killed in Tuesday's attack by the United States heavy bombers based in the Mediterranean theatre on Wiener Neustadt, Austria.

The size of previous attacks on Duesseldorf, yesterday's record American strike at Wilhelmshaven and the fact that the R.A.F. has had two weeks of bad weather in which to prepare last night's offensive hinted that it may have been the greatest effort yet.

The steel manufacturing center of 500,000 received a packet of 2,000 long tons of explosives in its next to last raid on May 23 and on June 11 was hit by the R.A.F.'s biggest heavy bomber force up to that time.

The air ministry described the new attack as concentrated and effective, and a greatly weakened German defense was indicated in the loss of only 19 raiding aircraft engaged in that and the other operations.

Previously attacked 122 times, Cologne has many vital war targets, including a synthetic oil plant and Diesel engine factory. In the R.A.F.'s last large scale operation, the night of Oct. 22, the main force went to Kassel where more than 1,500 tons of explosives started great fires which raged for more than a week. Since then fog and rain had prevented both the R.A.F. and U.S.A.A.F. from resuming their big combined day and night raids.

Yesterday, however, great armadas of American planes—estimated unofficially total more than 1,000 including fighters—took advantage of the weather break and resumed the offensive. The North Sea port and naval base of Wilhelmshaven was the chief target of the Fortresses and Liberators. They were escorted all the way by Thunderbolts and Lightnings.

The number of heavy bombers participating was not disclosed, but the heaviest previous reported American heavy operation involved 400 planes, making it appear that 500 or more were sent against Wilhelmshaven. Five heavy bombers and two fighters were lost.

TWO WELL-KNOWN OIL MEN IN BUTLER DIE

Butler, Nov. 4.—(P)—Death claimed two well known district oil men yesterday, Homer Dale Biery, 48, president of the Penn. Crude Oil Company, and Charles A. Wilder, 60, secretary of the T. W. Phillips Gas and Oil Company and the West Penn Cement Company.

Biery, whose "Little Pat" won fame for him in the grand racing circuit in 1939 by scoring three consecutive triumphs over "Her Ladyship" one of the world's fastest pacing mares, died in Lakeside hospital at Cleveland after an 18-month illness. He lived at Victory Heights, near Franklin.

Wilder died of a heart ailment. He had lived in Butler since 1908.

DIES UNDER TRAIN

Harrisburg, Nov. 4.—(P)—William Boebel, 35, was killed yesterday while working at the nearby Chambersburg naval supply depot when he fell beneath the wheels of a freight train. He was a former resident of Mahoney City.

First Pre-Pearl Harbor Dads are Drafted in Philadelphia

Philadelphia, Nov. 4.—(P)—Fifteen pre-Pearl Harbor fathers, elected to be the first drafted in Philadelphia, were inducted into army yesterday, and officials of boards that called them said they appeared good-natured and willing to serve.

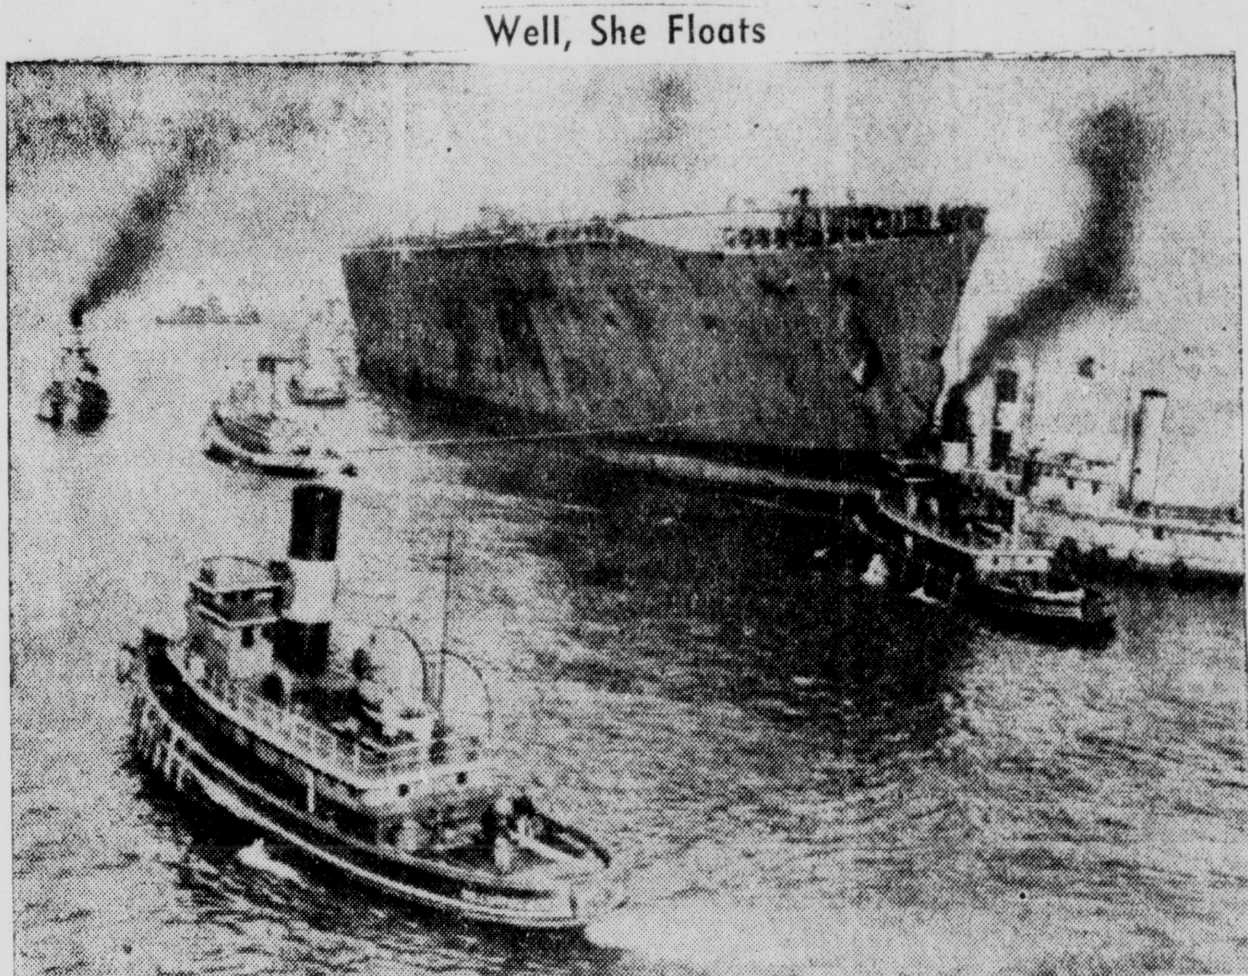

One of them had been engaged in work classified as essential and non-essential, while others had jobs in the non-essential class. The champion father of the group was John Coleman, 34, who has four children, the oldest 13

and the youngest a little more than a year old.

Coleman is going into the Seabees. "I'm a little short-winded but I guess they'll take that out of me," he said.

The veteran husband was Stanley Smith, 36, a bartender and cook, who has been married 19 years. He has three children, the oldest 17 and the youngest 9.

Mrs. Smith said, "I feel swell about it. Any healthy man ought to go, no matter how many children he has, provided his family won't go hungry."

Eleanor Comments On Philly Election

Philadelphia, Nov. 4.—(P)—Mrs. Eleanor Roosevelt, here to address the national CIO convention, was asked to comment on Philadelphia's mayoral election, in which Republicans extended their 62-year control of municipal affairs.

"If I had any comment to make," she said, "I would say that evidently the people of Philadelphia want tradition."

Governor Insists Election Results Point to Victory Next Year

TWO STILL IN DOUBT

Harrisburg, Nov. 4.—(P)—Governor Martin today claimed election of Republican candidates in 55 of the commonwealth's 67 counties with two more still in doubt and said the trend points to a GOP presidential victory next year.

"The significance is a Republican drift all over the nation," declared the executive. "Pennsylvania is a Republican state."

Fourth Term Boom Applauded by CIO

Philadelphia, Nov. 4.—(P)—Sidney Hillman, chairman of the political action committee of the CIO, told the CIO national convention today that if the 1944 presidential election were a few months away he would be ready to commit himself for a fourth term for President Roosevelt.

Thunderous applause followed the remark.

"No organization can commit itself in 1943 for 1944, but if the election were within a few months I would still raise my voice for the sake of the nation for the nomination and election of Franklin Delano Roosevelt," Hillman said.

Hillman said he was asked whether this could be considered "a fourth term movement" and that his reply was:

"It is not a fourth term movement only."

He did not amplify this statement.

"Satisfactory Agreement" Is Reached With Secretary Ickes

THOUSAND STILL IDLE

BY JOSEPH A. LOFTUS

Washington, Nov. 4.—(P)—An agreement reached between the government and the United Mine Workers of America for increased pay in the nation's coal mines—designed to end an almost total work stoppage—will necessarily mean an increased consumer price for coal, Interior Secretary Ickes said today.

Ickes, again the U. S. Mine Administrator under government seizure of the pits, told his press conference that he will very likely ask the Office of Price Administration (OPA) to raise prices to meet the increases granted the workers last night, subject to War Labor Board approval.

The miners, after virtually ignoring the appeal of President Roosevelt to report for work yesterday, started back to the pits on orders of John L. Lewis, president, and other officers of the United Mine Workers who advised them of a "satisfactory agreement" with Secretary of the Interior, Ickes, the U. S. fuels boss.

The War Labor Board said it would consider the agreement "first thing today."

U. S. U-Boats Sink Ten Jap Merchantmen

Washington, Nov. 4.—(P)—Sinking of 10 Japanese merchantmen and damaging of three others by American submarines was reported by the navy today, bringing to 487 the number of Japanese ships sunk, probably sunk or damaged by undersea craft.

The navy's communiqué also reported the sinking of a 1,000-ton freighter by a navy reconnaissance plane off Ocean Island, 750 miles northeast of Guadalcanal.

Among the ships sunk, all of them in use in supplying Japanese bases, were six freighters, a large cargo transport and two tankers. The damaged vessels included two more freighters and a tanker.

The area in which the submarines operated was not disclosed, but previous navy reports have said submarines were operating off the coast of the Japanese mainland.

The reconnaissance plane, operating under the command of Admiral William F. Halsey in the South Pacific, attacked and sank the enemy freighter 30 miles southwest of Ocean Island, which is about 130 miles east of Nauru.

Many Motorists Will Be Without 'A' Stamps

Pittsburgh, Nov. 4.—(P)—Failure of thousands of motorists to apply for renewal of "A" gasoline ration stamps means that they will be without the new No. 8 stamps necessary to purchase motor fuel on or after next Tuesday, the OPA warned today.

Delivery of new books by Tuesday cannot be assured unless renewal applications were filed with local boards before yesterday, the OPA said.

National Director of War Relocation Authority Reports on Demonstration

San Francisco, Nov. 4.—(P)—Dillon S. Myers, national director of the War Relocation Authority, says a demonstration by a crowd of Japanese at the Tule Lake Segregation Center Monday was a bid by disloyal leaders to be the first sent back to Japan.

In the first official account of what happened at the center, Myers told interviewers at Seattle that the Japanese at the Tule Lake Center in northern California all (Turn to Page Nine)

Three Lose Lives In Pittsburgh Fire

Pittsburgh, Nov. 4.—(P)—A woman lived and two small children lost their lives in two fires yesterday.

Mrs. Mamie Standback, 51, died of burns in Mercy hospital, a few hours after she had been carried from her flaming residence. She had been confined to bed with illness.

The children, William Thomas, 3, and his sister, Mary Lee, 4, were victims of a fire which swept a Braddock apartment. Both were dead on arrival at Braddock general hospital, the boy suffering from burns of the entire body while the girls died of suffocation.

Two other persons were hurt in leaps from a second story window of the house from which Mrs. Standback was carried.

NEW GAINS REPORTED IN DNEIPER BEND

Battered Remnants of Field Marshal Von Mannstein's Army of Ukraine in Wild Flight Across Steppes

ABANDON EQUIPMENT

London, Nov. 4.—(P)—The battered remnants of Field Marshal Von Mannstein's once proud army of the Ukraine are fast being turned into a disorganized war-yearly mob in their flight across the marshy Nogaisk steppes of southern Russia toward the Bug river defense line, Russian advices indicated today.

Paced by hard-riding, sabre-wielding Cossack cavalymen, Red army mobile columns were slashing at the heels of the retreating enemy, and today were believed to be nearing the eastern outskirts of Kherson, Black Sea port at the mouth of the Dnieper river. Yesterday, a Moscow communiqué said, they stormed and captured Bolshoi-Kapany, on the Kherson-Perekop railway, 21 miles east of Kherson and a scant 15 miles from the town of Aleshki, east bank bridgehead at the Kherson crossing.

Indications of the complete demoralization of the Germans were given by the Russian communiqué, which said the enemy was abandoning thousands of their dead and huge stores of war equipment as they poured across the Dnieper river to the west.

The swift-charging Cossacks and Red army motorized columns were pictured as cutting through the Germans as they streamed back from the Ukraine while Soviet planes pounded the Nazis unceasingly from the air. Carnage was especially heavy at the Dnieper crossings leading to Kherson, the Moscow bulletin said.

Yesterday's advance of 10 miles netted the Red army 80 towns in the steppe region between the Dnieper and Karkinit bay on the Black Sea, Moscow said. More than 3,000 Germans were reported killed in this sector alone, including one entire Nazi regiment.

Another 1,500 enemy troops were slain inside the Dnieper bend to the north, where Red army columns plunging southwest of Dnepropetrovsk captured seven villages, rounded up hundreds of prisoners and huge dumps of tanks, guns and other war gear, the Soviet bulletin declared.

Scarcity Of Physicians Is Called Acute

Washington, Nov. 4.—(P)—Ten Pennsylvania communities are so "acutely" in need of physicians that the health of residents is endangered, the United States Public Health Service informed a house appropriations subcommittee.

Testifying during hearings on the first supplemental national defense appropriation bill for 1944, Dr. Thomas Parran, surgeon general, told the committee there are at least 213 communities in the United States where there are now 3,000 or more persons per doctor, a (Turn to Page Nine)

School Heads Map Plans for Education Week Observance

Starting on Monday, Warren borough schools will join with others all over the country in the annual observance of National Education Week, set for November 7-13 and based on the general theme "Education for Victory."

The observance in Warren will be principally in the form of "visiting" occasions at the various schools and school leaders extend a very cordial invitation to parents and interested friends to take advantage of this opportunity of seeing the schools at work.

Monday will be visiting day at East Street school; also an evening meeting and program by the Mothers' Club of Home Street school and a special program in the high school auditorium at 7:30 o'clock.

Visitors will be welcomed on Tuesday at the Geneca, South and Beauty buildings; on Wednesday, at Johnson, McClintock, Lacy and Home Street buildings.

Schools of the nation are contributing daily, to the all-out war program, having trained 5,000,000 youths and adults for jobs in essential war industries; providing pre-induction training for millions of young people in the high schools; and placing emphasis on (Turn to Page Nine)

SEA ARMADA AT RABAU IS BOMBED OUT

Nearly 100,000 Tons Nipponese Shipping Sunk or Damaged and 129 Enemy Planes Destroyed

DRIVE GAINS GROUND

Southwest Pacific Allied Headquarters, Nov. 4.—(P)—Allied air might, dispersed in strength at bases from which to strike hard and swiftly, has blasted into twisted hulks the warships and transports Japan massed at Rabaul to counterattack the northern Solomons invasion.

In a dazzling display of diversified power, General MacArthur's big bomber force sank three destroyers and eight large merchantmen or transports at Rabaul Tuesday and ripped open the hull of a heavy cruiser while planes of Adm. William F. Halsey ranged the length of embattled Bougainville, blowing new holes in its unuseable airfields.

Halsey's units also dived and swirled in day long battles to keep Japanese planes away from the American marines driving enemy soldiers back into the jungles on Bougainville's west coast.

In all these operations, nearly 100,000 tons of Japanese shipping were sunk or damaged, 129 enemy planes were destroyed or crippled and more than 200 tons of explosives tore into the enemy's power to resist.

Under such formidable air cover, the drive to oust the Japanese from the rest of the Solomons and lunge at Rabaul gained ground. The marines, killing more than 135 Japs at a cost of about 50 of their own men, expanded the beachhead won Monday at Empress Augusta Bay on Bougainville.

Admiral Halsey jubilantly called the operations "the flexible springboard for the longer jumps ahead." He declared the Allies now are able to hit harder, faster, more often and in more places than the Japanese ever dared think possible and that the appearance of the Japanese fleet would bring nearer the day for the "march through Tokyo."

Yesterday's Rabaul smash was devastating. More than 150 Mitchells and Lightnings swept in the bombers as low as the tops of (Turn to Page Nine)

Appropriations Bill Slashed 82 Percent

BY ALEX H. SINGLETON

Washington, Nov. 4.—(P)—The skeleton-like remnants of a \$1,196,428,749 catch-all appropriations bill emerged from the house deficiency subcommittee today slashed by 82 percent in a congressional economy drive—to a total of \$215,368,444.

Aftermath of six weeks of day-and-night scrutiny into the requests of almost two-score government agencies for extra funds, the measure went to the house floor with several proposed allocations reduced drastically, others eliminated entirely.

Escaping the "bone removing operation"—a description which came from Chairman Cannon (D-Mo)—the oft-embattled Office of War Information (OWI) was granted its request for an additional \$5,000,000 after top-ranking military chiefs highly praised its war work.

The biggest single cut was in refusing the navy's request for an additional \$750,000,000 for its stock fund capital.

NO NATIONAL TREND SAYS DEM. CHAIRMAN

Washington, Nov. 4.—(P)—Democratic National Chairman Frank C. Walker dismissed Republican victories in New York, Pennsylvania, New Jersey and possibly Kentucky off-year election contests as simply the outcome of campaigns fought on state issues without showing any national trend.

"The administration did not take active part in a single contest," said Walker in his election statement last night. "Nor was the issue of national party politics clearly drawn anywhere."

Hunter Shot When Gun Is Discharged

The first hunting accident of the season in this county took place this morning when Arthur Hagerman, 28, of Warren borough was seriously wounded by the accidental discharge of the gun of a companion. Hagerman with Robert, 26, of North street, had entered the woods in the township to hunt birds. In some manner the gun of Check was discharged. The full force of the discharge entered Hagerman's left upper arm and his left chest. He also suffered severe shock.

He was removed to the Warren General Hospital where he was given treatment. The heavy shock as well as the wounds caused his condition to be quite serious but he is rapidly recuperating and is expected to recover with little trouble.

Both men reside in district and are well known as lovers of the out of doors. Hagerman resides at 203 Russell street. Just how the accident took place or what caused the gun to discharge is not known.

It was incorrectly stated in Wednesday's issue that the poster of Donald Shriver had won second place for fifth graders in the PTA contest. The runner-up was the work of Lee Weidmaier and young Shriver was given honorable mention in the same group.

GOOD PICTURE SHOWN

In the current issue of the Defense Council News published by the State Council of Defense there appears an excellent picture of the Warren Control Center staff. Warren's Control Center has been touted as one of the best in the state and the group picture shows most of the persons who compose the staff.

IS ON PROGRAM

Merle H. Deardorff, vice president of the Warren Bank and Trust Company and authority on Pennsylvania history, has been invited to appear as guest lecturer before the History of Pennsylvania Class sponsored by Edinboro State Teachers' College at Warren High School at 4:30 p. m. Monday, November 8. This class is part of the college extension program and is instructed by Dr. H. L. Offner.

FOREMEN'S CLUB

A talk on Do-All Gang Blocks will feature the next regular meeting of the Warren Foremen's Club at the YMCA Monday evening at 6:30 o'clock. The speaker will be R. P. Anderson and his talk will be illustrated with motion pictures. An entertainment feature will be furnished by the Struthers-Wells group of foremen. Reservations for the supper should be in the YMCA office by tomorrow night.

BEAUTIFUL PICTURES

In a recent issue of the Buffalo Courier-Express (which no one in Warren sees due to the ruling excluding Buffalo Sunday papers from Warren) several fine pictures taken along the Allegheny river were shown. One of the pictures was taken near Salamanca, one just below Warren and one near Hickory. All of the scenes were photographed in the morning and were out of the ordinary.

CARS DERAILED

Five cars of freight derailed yesterday morning at Huntley, east of Emporium, caused a traffic tie up on the local Pennsylvania division for some time. Train No. 581 from the east due here shortly after 7 a. m. was derailed via Driftwood and DuBois and was three hours late in arriving here. Heavy freight traffic was also tied up for hours. No one was reported as having been injured and outside of damage to equipment little harm was done.

FIRE AT BRADFORD

Bradford's business district was visited by one of its most stubborn fires in recent years last night when damage of approximately \$50,000 was reported done to the stock and the inside of the four-story brick building located at 83-85 Main street. Approximately \$45,000 was reported lost in stock in the Kline's ready-to-wear and Department store, which occupies the street floor and a portion of the rear of the second floor, and to the stock of the Rosen Furniture store, stored in the front portion of the second and third floors.

HI-Y CLUB PLANS

All boys of the Senior high school who are interested in learning about Hi-Y club plans and activities, and who may wish to give consideration to enrolling as Hi-Y members, are invited to attend a special meeting at the YMCA this evening at 7:30 o'clock. Attendance in no way obligates anyone to apply for Hi-Y membership, but does give a splendid opportunity for any student wishing to learn more about this fine organization which combines service, self development and sociability. Hugh Jamieson is the club president and J. R. Reddecliff and Ralph H. Wagner faculty and "Y" advisors respectively.

Corydon Folk Dedicate Fine Honor Roll

Corydon, Nov. 1.—On Sunday afternoon, October 31st, the residents of Corydon gathered together to witness the dedication

of the Corydon Honor Roll. A short but impressive program, arranged by the members of the Grange under the direction of Paul Duntley, was as follows: The singing of the first verse of America, led by Mrs. Paul Duntley; prayer, by Rev. Allen Pfautz, and the list of the names of the young men and women in the service was read by Seaman C. S. La Dow and Beverly J. Prue.

After adjourning from the site of the Honor Roll to the I. O. O. F.

hall, the song "Homage to the Flag" was offered by Misses Margaret Crooks, Patricia Holsinger, Mary Anna and Barbara Dean Gardner and Celeste Van Sickle. Following the singing of "Say a Prayer for Jim" by Mrs. Allen Pfautz, Harold Hampson, of Warren, gave an interesting talk on "Why Our Boys Are Fighting This War." Mr. Hampson's points of view were unanimously agreed upon by his listening audience, who realized more than ever their responsibilities after this war is over. The program concluded by the singing of "There's a Star-Spangled Banner" by Mr. Arthur Fair, the group singing of the first stanza of "The Star-Spangled Banner" and prayer by Rev. Pfautz.

The following people are to be much commended for their excellent and indefatigable work in the construction of the Honor Roll: A. M. Kraft, E. L. Van Sickle and Mrs. Clyde La Dow and her committee. Thanks are extended to Mr. and Mrs. L. J. Whyte who donated the flag.

Vote Shows Republicans Loom Large

Until the official canvass of the vote cast Tuesday is completed the unofficial returns of Tuesday's election are giving the county Republican organization much cause for rejoicing. With every major and most of the minor offices safely in the hands of the GOP County Chairman Jesse Smith and his cohorts point to a job well done.

Returns scanned again last evening show some changes in the vote as computed and printed yesterday.

In the borough the vote last night showed: Reno, R., 1605; Linder, R., 1701; Olney, D., 508; Hanna, D., 612; Seavy, R., 1623; Ostergard, R., 1555; Simonson, R., 1757; White, R., 1707.

In the boroughs and townships of the county the following results were tallied: Reno, R., 2830; Linder, R., 3147; Olney, D., 1150; Hanna, D., 1205; Seavy, R., 3054; Ostergard, R., 2654; Simonson, R., 2178; White, R., 3131.

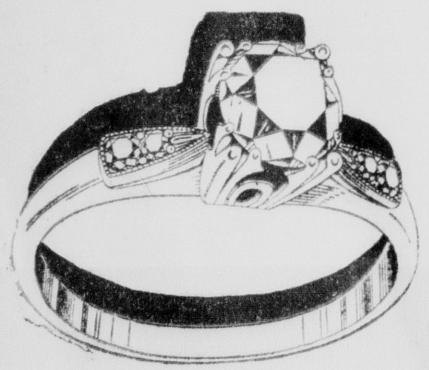

The grand total received shows the following: Judge Supreme Court, Claude Reno, R., 4435; For Sheriff, Linder, R., 4548; For county commissioner, Olney, D., 1688; Hanna, D., 1817; Seavy, R., 4677; Ostergard, R., 4209; For county treasurer, Simonson, R., 4935; Prothonotary, White, R., 4838.

The newly elected officials will be sworn into office January 1st.

Honor Roll Gets Attention

On display at the VFW service rooms in Pennsylvania avenue, west, is an unique piece of hand-craft, the work of Mrs. Lottie Himes, of Tiona.

Made of red, white and blue crepe paper, studded with stars, the canopied object is an honor roll containing the names of 19 men in service from Mrs. Himes' home vicinity. It is about two and

one-half feet high, one and one-half feet wide and of about the same depth. First shown at the community fair in Tiona, the honor roll won for its owner a coveted blue ribbon in the miscellaneous class.

Mrs. Himes is proud of the fact that two of the names on the roster are those of her own sons, LeRoy T., now serving overseas, and Charles W., currently located at Keesler Field, Miss.

Hollywood Gossip

HOLLYWOOD—One way to appreciate the miracles that have been wrought in China and Russia is to study the lesser miracles involved in recreating them on celluloid.

Last July 5, out from Hollywood went a crew of six men with tractors to the peaceful fields and hills near Calabasas. In the ensuing weeks, other men joined them—carpenters, painters, landscape artists, electricians, plumbers. Today some 100 acres of this countryside are a little bit of China for the cameras of "Dragon Seed."

And beside this bit of China, behind the cameras, is a great big bit of Metro-Goldwyn-Mayer: a business office, a mess tent, tent dressing rooms for hundreds of extras (Chinese, mainly, a few Mexicans and Indians to serve as "background Chinese"), make-up tents, wardrobe tents, a school-room for child actors, a fleet of buses for transportation, a small fleet of trailer dressing rooms for principals like Katharine Hepburn and Walter Huston, and all the appurtenances of a crude but adequate movie studio—or village.

Guardsmen Essential To Home Defense

Since the announcement that Co. B of the Pennsylvania State Guards is to be expanded so as to form a company of 73 men, many prospective members have been asking numerous questions as to the nature of the obligations undertaken, the term of the enlistment and what function does the Guards serve in the defense set-up.

Captain James V. Scallise, who will be the commanding officer in charge of Co. B when fully organized, in an interview stated: "When a man enlists in the State Guards his enlistment is for the duration of the war and six months thereafter. He cannot be discharged during this period of enlistment except upon being inducted into the regular armed forces. Should the men be obliged to leave this community by reason of his work, he will then be transferred to an inactive status and will not be subject to call except in case of emergency. Attendance at drill is compulsory except where it may conflict with the man's work. Upon enlistment, he becomes subject to the Articles of War and is subject to discipline as any other soldier."

Captain Scallise continued: "We are fighting a total war, and by reason of that fact the home front must be organized on such a basis that it will support the fighting men to the maximum of our strength. The seriousness of the obligation undertaken by the Guard obligation taken by the Guardsmen is proof enough of the importance of the Guardsmen in the defense set-up of our country. While the threat of invasion seems to be over, nevertheless, we cannot lay down our arms and expect our boys fighting in New Guinea, Italy, Iceland and the Alaskan theatre to carry on, knowing that the home front has not been organized to its fullest extent."

Captain Scallise was then asked as to the physical requirements, and in reply stated that numerous men who had been classified as 4F are now members of the Guards, for, while their physical condition may have been such as to have them disqualified for active service in the Army or Navy, yet those same individuals have passed their physical examinations for the Guards and have not found the work required of them too strenuous.

Men between the ages of 17 and 50 are urgently needed for the Guards, and those interested are requested to see the commanding officer at the armory on Tuesday.

Clean-Up Day Date Set In Youngsville

Youngsville, Nov. 3.—The regular meeting of Youngsville Council was held in the Borough Building on Monday evening Nov. 1, 1943.

After routine business Supt. White reported that a new heating unit is being installed in the Borough Disposal plant and will soon be in use.

The Council decided to have only one day this fall as a "clean-up day." Youngsville people are asked to have all material, which they desire to have carried away at the curb on Wednesday Nov. 10th.

A report of work of the finance committee in consideration of the 1944 Borough Budget was made by Leo Johnson, chairman of the Finance Committee. This committee met recently and the report was the results of their suggestions.

After some discussion on the Budget for 1944, the meeting was adjourned.

NEW FACULTY MEMBERS

Youngsville's school board has now secured as music supervisor Harvey Horn, who has been for the past twelve years school music supervisor of the city of Marietta. Mr. Harvey expects to assume his duties in the Youngsville school January 5, 1944.

Mrs. Warren Jones is for the present taking over the work in junior high school, which was formerly conducted by Mr. Cable who has joined the U. S. A. armed service.

WE HAVE KEPT FAITH (Written for the Times-Mirror)

Warren County has not failed.

In its greatest war effort to date and its largest campaign in a quarter of a century it has gone handsomely "over the top." The goal was \$88,700. The final result will be somewhere between \$92,000 and \$93,000 when the auditors finish their grisly task.

Why did Warren County score so splendid a victory in this great drive? As it has done in its Civilian Defense work? As it has done in its Salvage work, its Blood Donor program, its Civilian Air Training? As its own boys are doing out there? It was no accident.

Patriotism helped. Public spirit was a factor. Pride in our community was another. But these things alone did not do it. Warren County succeeded because a group of men and women took up the challenge of the job to be done, and did it. Because these men and women, in varying degrees, gave up their time, their energy, their leisure, their businesses, their pleasures, to do that job.

Our old friends, the rugged individualists, used to tell us that men would not work except with the incentive of enormous profit. Such campaign as the United War Fund, where men work for no profit at all, where public spirit and the honor of success are the sole motives, disprove such notions completely.

Who are these men and women?

Well, first of all, there's Edward W. Johnson who had no trouble forgetting for a month that he was president of Warren County's largest bank, because he spent so little time in it. As president and general chairman, he was here, there, and everywhere, at all hours of the day and night. Certainly, first honors go to this bluff, friendly, public-minded citizen, for the fine job.

With him must be named the other officers: Chester S. Allen and H. W. Conarro, vice presidents; Ray S. Thompson, secretary; and H. N. Elmquist, treasurer. Chester Allen, seasoned campaigner, had much to do with the preliminary management and budgeting, and in addition, served as co-chairman, with C. T. Conarro, of the vital Division A. Ray Thompson, in addition to being secretary, was chairman of the Russell area. H. N. Elmquist was in charge of the statistical phase of the drive.

In the Publicity Division much help was secured from individuals not officially listed on the committee, notably Bill Rice and Charley Pettibone, both well-known phrase-turners from away back. Particularly fine organizational work was done by O. A. Pressel as head of the Speakers' Bureau. Ory had orators, or should we say, Orytors—all over the map of Warren County. Every service club was covered, and outlying communities in the county were provided with speakers and motion pictures. Probably something like fifty talks were made.

Warren's best speakers voluntarily enlisted to help in this speaking campaign, including: John Rossman, Burgess R. W. Steber, Ralph Wagner, W. E. Miller, James Frantz, Alex Flick, S. D. Blackman, H. M. Miller, Dr. R. L. Taylor, Addison White, Mrs. Jessie Davidson, Allan J. Scilly. They gave their time, their thought, and their speaking ability. Some of them appeared several times at widely separated parts of the county. The cooperation of every motion picture house in the county in running "The Last Will and Testament of Tom Smith" was also very helpful.

In Warren Borough, which raised about 73% of the total, a fine piece of work was done by each Division. Division A, which raised \$43,851, or nearly 50% of the total amount was, as indicated above, under the co-chairmanship of Charley Conarro and Chester Allen—two conclusive reasons for its success. Division B, covering the business area, got \$8,819.80. The two men largely responsible for this excellent showing were Ed Ley and Virgil Lesser. Division C did one of the hardest jobs in the entire campaign, covering the residential area under the chairmanship of Mrs. R. G. Dawson and Mrs. M. A. Connelly; and turned in a total of \$11,041.

Division E, under John G. Rossman, covered government employees and was the first to go over the top. Its final score was \$2,572. Division F, under the always able direction of Walter Kiser, brought in \$3,240.

Team captains in the various divisions were second only to the chairmen in credit for the victory. In Division B they were: E. M. Branca, George S. Frantz, F. E. Kieshauser, G. C. Lind and Alan H. Templeton. In Division C they were: Mrs. H. P. Stone, Mrs. Chester Allen, Mrs. G. C. Jones, Mrs. Harold C. Warren, Mrs. P. J. Julia. In Division E they were: Rodney F. Hemingway, T. H. Milenius, Donald E. Schuler, Calvin W. Barvis and John G. Rossman.

It was recognized from the very beginning that unless the county outside Warren Borough reached its assigned quota the campaign could not succeed. The county did reach its quota with final approximate total of \$25,020. Experienced campaigners feel that never in the history of Warren County campaigns has so fine a job been done by workers in the various communities and townships of the county, under the masterly generalship of Allen Gibson. It is impossible to list the names of all the fine people who went from house to house, from farm to farm, in rain and mud, to bring such a result about. No matter who they are—each one deserves a full share of the credit for "the county's" success.

Chairmen in the various parts of the county were:

Russell, Ray C. Thompson.
Pittsfield Township, H. G. Irwin.
Sugar Grove, Donald H. Haggerty.
Grand Valley, Mrs. Lee R. Johnson.
Columbus Township, Frank D. Schramling.
Tidioute, Lyle R. Briggs.
Spring Creek Township, Glen Donaldson.
Pleasant Township, Glenn Kiser.
Clarendon, Hans Walchli.
Glade Township, William Olney.
Kinzua, Mrs. W. Boyd English.
Corydon Township, Paul Duntley.
Sheffield, Dr. R. L. Taylor.
Brokenstraw Township, Harry R. Johnson.
Conewango Township, Dr. Robert Israel.
Youngsville, H. M. Kay.

All in all, it was a great campaign. Warren County still has reason to be proud of its war record. We have kept faith with our boys out there.

Washington In Wartime

By JACK STINNETT

WASHINGTON—At the moment, the "contract terminations" program is in that state of flux which all big government projects go through in their infancy—that is, they are pulled this way and that to see what agency will gain control.

With billions involved, that is understandable. It's no secret that the General Accounting Office would like to have the job of winding up Uncle Sam's affairs with producers of war materials. It's no secret either that the Army particularly, but also the Navy, Maritime Commission, Lend-Lease and several others would prefer they be given a free hand to terminate their contracts in their own way.

THERE'S no doubt Congress is going to have a hand in it, probably, according to observers on the hill, by the creation of a new agency, to settle the 50 billions or so of unfilled contracts that may be outstanding when this war ends.

Right now a Senate subcommittee of the military affairs committee is holding hearings with legislation in mind. In the House, the ways and means committee has a contract renegotiations subcommittee which already is talking of extending its activities to "contract terminations."

It's possible that the Administration has been both of them to the draw. It recently established the war contracts renegotiation policy board, headed by Joseph M. Dodge, chairman of the War Department price adjustment board, with representatives from the Navy, Maritime Commission, War Shipping Administration, the Treasury, RFC and WPB. Although their duties were

specifically set forth as renegotiation of contracts to eliminate excessive profits, it is being said that if they function effectively, the administration would like to hand over to them the vital program of terminations.

The Army already has and is continuing to hold a beautiful dress rehearsal for peace time contract terminations. They have terminated some 8,000 contracts worth about five billion dollars, and out of this, less than 500 cases have had to drag through as much as six months of red tape before final settlement.

That's quite a record, but not one that industry is particularly impressed with. These terminations have been due to cutbacks. For example, the program for tanks was initially far greater than it developed we had any need for. So tank contracts were cancelled right and left. But, and this industry thinks is important, the Army did need that industrial production for other things, hence they were inclined to be very lenient in contract settlements: A condition that would hardly exist when the war is over.

ALSO the Army, which controls about 60 per cent of the outstanding contracts (the Navy has about 30 per cent, the Maritime Commission, Foreign Purchasing Commission and Treasury the remainder) had experience in World War I, when it settled a major portion of about 30,000 contracts totaling \$7,500,000,000. There still is controversy over that business, with some officials charging that contractors got only 14 cents on the dollar on outstanding contracts, and others claiming that Brig. Gen. J. R. Delafeld and his staff did a whale of a job.

Health Unit Distributed To Co. Schools

A new health teaching unit, "Building a Better World," is being distributed to teachers of Warren county by the Warren County Tuberculosis Society, according to announcement made today by Miss Ethel Hodges, the society's nurse.

The unit was prepared by students taking the course in "guid-

ance" at teachers' college, Columbia University, under the direction of Dr. Ruth Strong, and was sponsored by the National Tuberculosis Association.

After receiving a copy of the unit, Dr. Francis B. Haas, superintendent of the state department of public instruction, expressed himself as having reviewed it "with great interest."

"The unit," explains Miss Hodges, "was developed around the theme of building better physical and mental health among children during wartime. The inspiration for this teachers' aid comes from the 1943 Christmas Seal, which pictures a child looking out of the window at the starlit sky. The face of the child possesses that faith which all normally happy, well cared for children have in Christmas."

And one capsule a day gives you more than the adult minimum requirements... yes, extra potencies of the all-important B Complex vitamins (B1, B2 and Niacinamide) as well as extra amounts of A and D. (See chart above.)

Even at the regular price of 49¢ for a 10-day supply, \$1.29 for a 30-day supply, and \$3.49 for a 90-day supply, Beams is a remarkable value! But when we top

this with a 10-day or 30-day size free, it really makes history.

Beams are assayed by an independent laboratory... backed by one of America's leading drug companies. Today, ask your druggist for Beams money-saving Introductory Offer. Try the small package... then, if for any reason you are not completely satisfied with Beams, return the larger package and the full purchase price will be promptly refunded. CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of telling the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Sheffield News

Sheffield, Nov 4—Cpl. Wayne E. Russ returned to his post on Long Island Sunday, after spending a fifteen day furlough with his parents, Mr. and Mrs. Ruland Russ at Cray Farms. Cpl. Russ was a graduate of the Sheffield High School class of 1941, and junior engineering course at Kane. Later he was employed at Struthers-Wells of Titusville and in civil service at Philadelphia. He enlisted in the armed forces October 13, 1942. His present address is—Cpl. Wayne E. Russ, P. O. Box 1009, West Hampton, Long Island, N. Y.

Word has been received that the following boys are now located at Camp Wheeler, Georgia. Paul E. Johnson, John Yusko, John Harris and Dick Sauter.

Sgt. Gerald E. McDowell has arrived safely in England.

The inter-county council will meet Saturday at Kane, the following have been appointed to attend the meeting: Mrs. Crabelle Schick, Mrs. Ruth Howarth, Mrs. John E. Swanson, Mrs. Evelyn P. Gallor, Miss Eva Brown, and Miss Phyllis Epstein.

The Rotary luncheon, Tuesday, had as its guests, two senior students, Miss Anne C. Peterson, and Miss Rose Marie Anderson.

C. H. Whitaker was the speaker for the luncheon, and spoke on Community service. Chester Seymour, scout executive of Warren, was present.

James Schick returned to Great Lakes, Ill. naval training station Tuesday evening, after spending a furlough with his mother, Mrs. Crabelle Schick.

Miss Eunice Anderson, R. N. of Erie, is spending two weeks with relatives.

Mr. and Mrs. James P. Spence and daughter, Lois, of Pleasantville and Mrs. Charles Spence, of Henry's Mills, spent Sunday at the home of Mr. and Mrs. Ruland Russ.

Armour Ideas Make the Most of Meat

Company Feast—Roast Pork Loin and Apples!

Old-fashioned family get-togethers call for hearty meat meals... even in wartime! And one of the most sumptuous... most colorful you can fix is Roast Loin of Pork with Rosy Apples.

You'll need a big platter 'cause this is a big meal... rich, meaty and attractive. It's a juicy, fragrant roast, loin of pork flanked by bright-red, cinnamon flavored apples. It's sure to click... especially when the pork is delicious, wholesome good-eating.

Have your meat man saw back bone of 4 lb. loin roast of pork so that it's nearly free of the roast. Place it,

fat side up, in open roasting pan, rub with salt, pepper and roast in 350° F. oven. Figure 30 minutes to the pound, or cook until meat thermometer, placed in center of roast, registers 185° F.

Peel and core 6 medium sized apples. Cook 2 cinnamon sticks with 2 cups sugar and 2 cups water 3-4 minutes. Add enough red fruit coloring to make a clear red color. Simmer apples in syrup very slowly until clear. Let cool in syrup or serve hot. Garnish roast with crisp greens.

Needlework Guild Offers Explanation Of Needs, Membership Requirements

At no other time in recent years have shoppers faced so many difficulties in searching out bargains for their families and households, a condition due to wartime difficulties and restrictions of one kind or another, but this will not deter the efforts of hundreds of Warren women who are asked this week and next to make their annual contributions to the Needlework Guild garment collection.

Many have already made their purchases and some few have already turned them in to their directors but others who have not previously been members or who are not familiar with the needs of the organization have asked for an explanation. To assist them in their efforts, officers of the Needlework Guild were consulted and offered the following suggestions:

Articles most needed for persons of all ages are good, warm undergarments, stockings and socks in pairs; gloves, warm caps, sweaters, petticoats, nightwear, shoes, rubbers or overshoes. The type of article needed for infants

includes blankets, slips, petticoats, diapers, woolen jackets, woolen stockings, caps, wrappers or any other item needed for one's own baby. For the supplying of needy homes, the list contains such articles as sheets, pillow cases, towels, wash cloths.

All articles must be new and where items come in sizes, the membership gift of two garments must be identical. This requirement allows the distributing agency to provide a change of such article of clothing, since a gift of but one piece would accomplish little in the way of alleviating the need.

Members of the Needlework Guild may specify what charitable organization is to receive the gifts, since the Guild is aptly termed "the charity that aids all charities" and all members are invited and urged to attend the "garment collection" and tea that it held annually at the Woman's Club.

This year's collection day has been set for Friday, November 12, and members are asked to get their gifts to their directors no later than November 10.

Community PTA Completing Plans For "Little Men"

"Little Men", the familiar story by Louisa May Alcott, is the choice of the Community PTA Council for its first Clare Tree Major production for this season. The date set is Monday, November 8, and the time is four o'clock in the local high school auditorium.

Some days ago the ticket committee was obliged to announce a complete sell-out of the auditorium, ample proof that the children of Warren and vicinity are continuing their interest in this form of entertainment which has proved so popular in several seasons past.

PTA groups in rural communities are planning transportation so that their students may enjoy the two productions which are to be given this year, so that it is very unlikely there will be a seat vacant when the curtain goes up on "Little Men" on Monday afternoon.

STATE HOSPITAL ALUMNI REUNION
Featuring the Tuesday evening meeting of the Warren State Hospital Alumni Association was a reunion of a number of present and former members. Those from out of town included Miss Louise Miller of Danville, who is a former supervisor of nursing at the institution; Lt. Mabel Parker, with the Army Nursing Corps at Lawson General Hospital, Atlanta, Ga.; Mrs. Blanche Jones, Los Angeles, Calif.; Miss Caroline Reitz and Miss Marietta McDermott, Bradford.

Miss Flora Darling, delegate to the Advisory meeting of the Pennsylvania Nurses' Association, held last week in Harrisburg, reported on happenings there and Lt. Parker told interestingly of new medicines and methods of treatment being used in army hospitals. To conclude, Miss Darling was hostess for refreshments.

DYKINS-ARBAUGH MARRIAGE ANNOUNCED
Announcement has been received here of the marriage of Gerald E. Dykins, Finksburg, Md., and Bernice Arbaugh, daughter of Mr. and Mrs. Charles Arbaugh, of Reistertown, Md. The ceremony was performed at 2 p. m. October 31, in the Ames Methodist church at Pikesville, Md., by Rev. W. S. Brown. Attendants were Mr. and Mrs. William Geist, of Pikesville. Immediately following the ceremony, a reception was held at the home of the bride's sister and brother-in-law, Mr. and Mrs. Lynn Byrd.

The newlyweds will make their home at Reistertown. Mr. Dykins, formerly of Warren and a son of Mr. and Mrs. T. J. Dykins, of Clarendon, is employed by the Sinclair Refining Company.

Reception Is Planned For New Rector

The vestry of Trinity Memorial church will honor its new rector, Rev. Beecher Rutledge, and Mrs. Rutledge, with a reception in the parish house at 8:30 p. m. Friday.

In coming to Warren, Mr. Rutledge is returning to the Diocese of Erie, where he filled his first rectorate in serving St. Mark's church in Erie.

He comes to Warren from Owego, N. Y., where he has been rector of St. Paul's church for years. He was also dean of the third district of the Diocese of Central New York, founder of the Owego Associated Missions, and held several other important offices in Diocese of Central New York and in his community.

Other meetings this week at which the new rector and his family were introduced were The Rockwell Bible Class; Alter Guild at a dinner-meeting at the YMCA; Trinity Service League and Junior Choir.

Many Activities In Prospect For Catholic Women

Plans for a number of coming activities were launched at last night's meeting of Court Warren, No. 834, Catholic Daughters of America, held in the K. of C. club-rooms.

Arrangements were completed for the anniversary dinner to be held at the YWCA activities building at 6:30 p. m. Wednesday, November 17. Reservations must be made by Saturday, November 13, to the committee headed by the Misses Wanda Hoskins and Rita Retzer.

A public card party planned in the Knights' clubrooms on December 9 was announced by Mrs. Paul McGarry, chairman. It was stated that details of the Christmas party will be taken up at the December meeting of the court.

Also in prospect is a mass for deceased members to be celebrated Saturday, November 13, at 8 a. m. in St. Joseph's church.

At the conclusion of last night's meeting, card games were enjoyed and lunch was served under the co-chairmanship of Miss Lydia Fox and Mrs. Catherine Culbertson.

Officers Of Grange Are Nominated

Nominations for new officers were submitted at last night's meeting of Warren Grange, No. 1025, conducted by Master Walter Taft in the IOOF hall. On the slate were the following names:

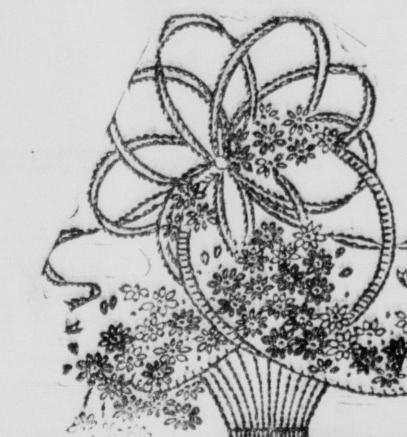

Master, Walter Taft; overseer, Henry Hoffman and Dr. C. J. Frantz; lecturer, Thelma Ploss and Vera Taft; steward, Henry Simones and Chris Mack; assistant steward, Harry Rogers; chaplain, Rose Lauffenburger and Mary Thompson; treasurer, Freeman Knopf; secretary, Margaret Johnson; gatekeeper, Henry Hoffman, Charles Hoffman and C. F. Smith; Ceres, Clara Dalrymple and Mabel Munger; Pomona, Mary Thompson and Mrs. King; Flora, Anna Erickson and Minnie Tellman; lady assistant steward, Anna Rogers; pianist, Martha Edwards; executive committee, F. E. Redding, John Haggerty and Harry Rogers; finance committee, Dr. C. J. Frantz and Henry Hoffman.

Several communications were read and a class of candidates initiated in the third and fourth degrees. Two stars were added to the unit's service flag for Charles Frantz and James Cable.

Officers are to be elected at the next meeting on November 17, when the refreshments committee will be composed of Mr. and Mrs. F. E. Redding and Marie McDonald.

To conclude last night's meeting, refreshments in keeping with the season were in charge of a social committee.

IS RECEPTION CENTER

P. C. Ostergard, chairman of the Evacuation Committee of the County Council of Defense reports that Warren county has been chosen as a reception center for 1000 people from the city of Erie in event of that war manufacturing center undergoing a bombing. Plans for the receiving of the people have not been completed as no further details have been received from Harrisburg. The County Council has also passed a resolution and forwarded it to Harrisburg affirming the suggestion that test blackouts should be held once each month. The Army is now handling all blackouts and one may be called anytime the Army sees fit.

Cops Oblige Citizens In Many Ways

"A friend in need is a friend indeed," and the cops of the city believe in the old adage and get busy whenever they can in alleviating the troubles of those in need. During the night, a fleet of army trucks arrived in the city about 4:20 a. m. They needed gas and appealed to the police for a supply with which to move. Quickly the police hopped into their cruiser car, rounding up the manager of a gas station and in no time at all the army trucks were rolling again on their way.

And its not all hunting for drunks, burglars, etc., in the life of the guardians of the peace. Why only the other night a fellow had an earache and in applying a heating pad to the ear, a fuse blew out. Replacing it with another that blew out too. What to do? Telephone the cops! He did and the cruiser car rushed to the home with a new fuse and the ear was relieved, the heating pad went to work and the cops resumed their beats, warmed by the thought that they had done their good deed.

Every once in a while, too, some gal who is out late and afraid to walk home in the dark appeals to the boys and they speed her home in a trice, also in the police car. Medicine for the sick is rushed around PDQ, doors are opened for birds who forget their keys, befuddled citizens who have difficulty in driving their cars are guided home with a copper in the driver's seat and sundry and other good deeds are done. Yep, the police force just sort of keep their eyes on the village at night and Ray Eckhart, with his car to the police phone, lends succor to all who need it.

PLEASANT TOWNSHIP
Tuesday evening's meeting of Pleasant Township PTA was in charge of Mrs. Susie Beebe, vice president, and opened with the Lord's Prayer and singing of "The Star Spangled Banner". Final arrangements were made for taking the children to the Clara Tree Major play at the Warren High School next Monday afternoon and a cash gift was voted to Girl Scout Troop 51, sponsored by the unit. Principal Helen Morrow told of the work accomplished by the troop in the short time it has been organized. A play, "Tommy Sees For Himself", was presented by 16 boys and girls from the various grades and Dr. Doris Baislin, of Warren State Hospital staff, gave a splendid talk on problems of the adolescent child.

W. P. Taydor, president of the School Music Boosters Club, calls attention to the postponement of the November meeting scheduled for the 11th. Further announcement will be made next week concerning the plans.

GOOD PROGRESS MADE

Employees of the street and park departments have made good progress in handling the great amount of leaves that fell in Warren this fall. Short handed as both departments are good time was nevertheless made. The job has been almost completed and within a short time the leaves will all have been disposed of for the season.

CONSISTORY REUNION

Warren members of the Consistory of the Episcopalian Church have received notices of the fall reunion which will be held on November 11 and 12th. It is expected there will be a large class initiated and the meeting promises to attract a number from Warren where there are several score members.

REPORT IS UNTRUE

Reports have been current and have been published in newspapers of neighboring towns that the Draft Boards here have cancelled all deferments and will place single and married men without children into service ahead of pre-war fathers. R. C. Thompson, of the Draft Board yesterday branded the report as wholly untrue and only an idle rumor.

FLAG RAISING

Every patriotic citizen of Pine Grove township will want to attend the service flag raising and the unveiling of the service board in front of the community tree on Main street in Russell. These exercises will be held at 7:30 p. m. Monday (November 8th) and will be conducted by the members of the Veterans of Foreign Wars Band will be on hand to play several Patriotic numbers; Mrs. Bernice Peterson, president of the Ladies Aid Circle of the Russell Methodist church, will present the service flag; mothers of sons serving the country from Pine Grove township will unveil the service board, and a speaker, yet to be selected, will give the dedication address.

FLYING FIGURES

By the end of 1943, 30,000 aircraft will have come off production lines. The dollar volume of plane production for 1944 is expected to be increased by 50%.

To Help Speed Victory

Our government through the War Production Board and other federal agencies is asking you to be careful in your use of utility services and fuels. If this is done, manpower will be conserved as well as critical materials necessary for war production and transportation.

This Company has ample capacity to meet the needs of this community. There is no shortage of water here for the necessary uses of our customers. Nevertheless, we are working with the Government's program and therefore ask you not to waste water. We do not ask you to curtail any use of water necessary for public health or safety. We do not suggest that you use less than your normal requirements in your home. We do request that you eliminate waste by repairing leaks, replacing worn-out washers and being reasonable in your use of water outside the home, such as the washing of cars, porches and sidewalks.

We are asking all our customers to help in this program. Your efforts will conserve fuel, critical materials, manpower and transportation. Your cooperation will help to speed victory.

R. A. F. BLASTS GERMAN INDUSTRIAL CITIES

Duesseldorf Target Of Damaging Raid By American Fliers

ig Ruhr Armament Center Is Probably World's Most Heavily Hammered City Next to Recently Devastated Hamburg

STOCKHOLM REPORTS 1,000 KILLED IN ATTACK

London, Nov. 4.—(P)—A great fleet of RAF heavy bombers hammered the German industrial cities of Duesseldorf and Cologne last night in a swift sequel to a smashing daylight attack on Wilhelmshaven by the largest force of American aircraft ever thrown against the Reich.

The main blow was concentrated on Duesseldorf, making that big Ruhr armament center probably the world's most heavily bombed city next to Hamburg, while a diversionary assault by a smaller force was made on Cologne on the Rhine. Mosquitos also bombed objectives in the Ruhr and Rhineland.

Nineteen aircraft were lost in the night's operations, which included mine-laying in German waters and intruder patrols over targets in France and the low countries. Four enemy aircraft were destroyed by the bombers.

FIFTH ARMY ADVANCES ON WIDE FRONT

ains of Five to Eight Miles in Western Italian Sector Recorded for American Forces

5 MILES FROM ROME

By NOLAN NORGARD

Allied Headquarters, Algiers, Nov. 4.—(P)—Lt. Gen. Mark W. Clark's Fifth Army dashed forward on a 40-mile front for gains five to eight miles on the western Italian sector, advancing to within 85 miles of Rome and forcing the enemy back in a steady retreat across the broad Ligurian valley. Allied headquarters announced today.

Gen. Sir Bernard L. Montgomery's Eighth Army also advanced nearly all sectors, marching up Botano-Isernia road and battling its way into Castelpetroso, less than seven miles southeast of the center of the mountain highway hub of the present defense line.

Gen. Clark's British and American swept the Germans from their strongholds around Massico, the massive anchor of the long-fortified mountain line which the Germans apparently held to hold until winter, and pushed them out of their last strongholds on lofty San Croce mountain to the northeast.

At the end of the day yesterday, steadily routing out nests of resistance, Clark's warriors were assembled at a point beyond Sessa, between the two mountains.

At sea, American PT boats sank enemy tanker off the island of Elba.

The air command said that American bombers attacked the German airfield at Araxos, Greece. Middle East air forces again attacked the Antimachia airfield at the end of the day.

On the present line of advance, the Fifth Army was now only 17 miles from Foggia, on the old plan way at the northern edge of the Gulf of Gaeta.

On the other main road to Rome, via Cassina, the Fifth Army only 16 miles from Cassino.

DIES UNDER TRAIN

Harrisburg, Nov. 4.—(P)—William Boebel, 35, was killed yesterday while working at the nearby Chesapeake naval supply depot when he fell beneath the wheels of a freight train. He was a resident of Mahanoy City.

and the youngest a little more than a year old.

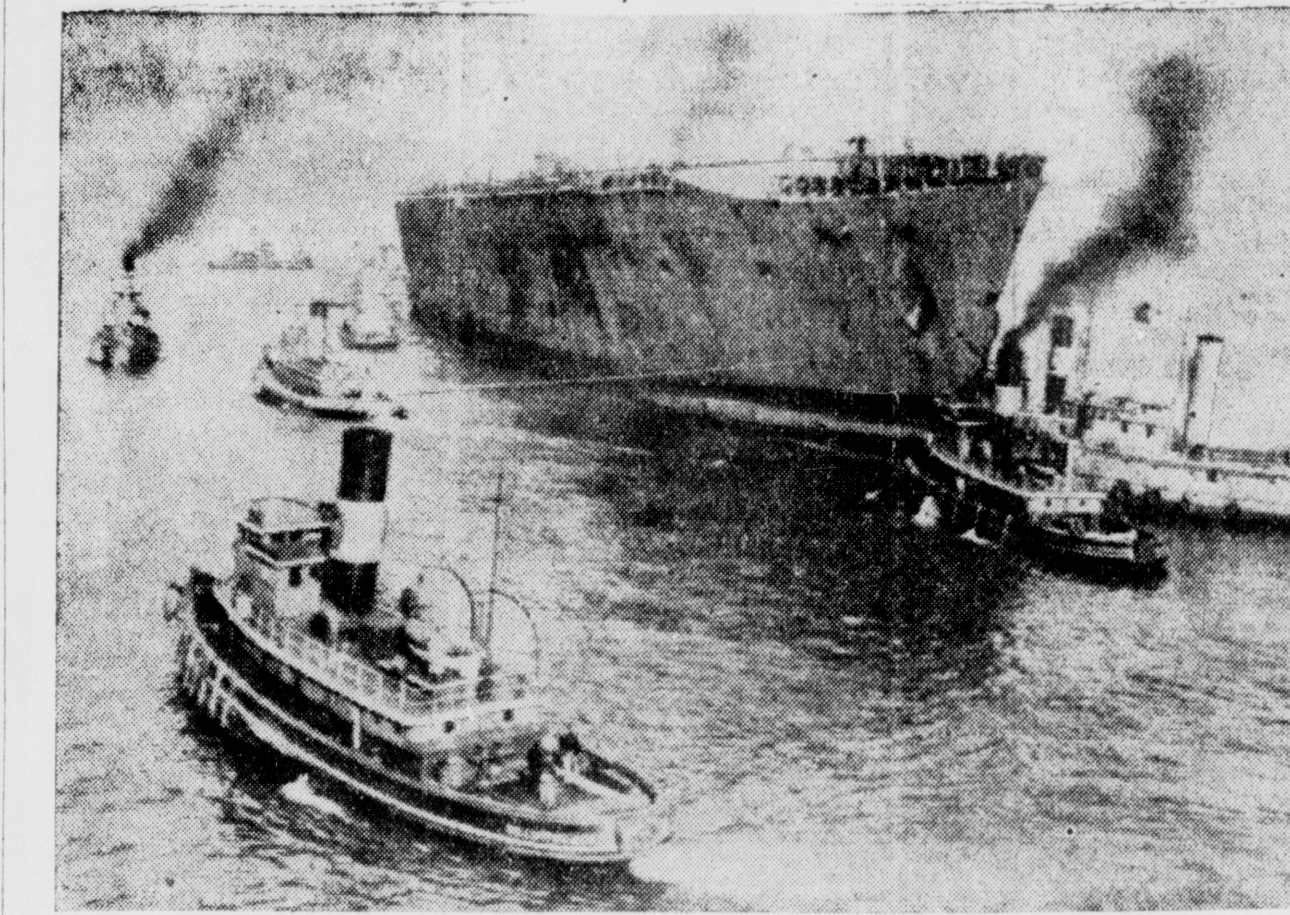

Coleman is going into the Seabees. "I'm a little short-winded but I guess they'll take that out of me," he said.

The veteran husband was Stanley Smith, 36, a bartender and cook, who has been married 19 years. He has three children, the oldest 17 and the youngest 9.

Mrs. Smith said, "I feel swell about it. Any healthy man ought to go, no matter how many children he has provided his family won't go hungry."

Nation's Coal Miners Are Slowly Returning To Production Upon Orders From Lewis

Eleanor Comments On Philly Election

Philadelphia, Nov. 4.—(P)—Mrs. Eleanor Roosevelt, here to address the national CIO convention, was asked to comment on Philadelphia's mayoral election, in which Republicans extended their 62-year control of municipal affairs.

"If I had any comment to make," she said, "I would say that evidently the people of Philadelphia want tradition."

Previously attacked 122 times, Cologne has many vital war targets, including a synthetic oil plant and Diesel engine factory.

In the RAF's last large scale operation, the night of Oct. 22, the main force went to Kassel where more than 1,500 tons of explosives started great fires which raged for more than a week. Since then fog and rain had prevented both the RAF and USAAF from resuming their big combined day and night raids.

Yesterday, however, great armadas of American planes—estimated unofficially total more than 1,000 including fighters—took advantage of the weather break and resumed the offensive. The North Sea port and naval base of Wilhelmshaven was the chief target of the Fortresses and Liberators. They were escorted all the way by Thunderbolt and Lightnings.

The number of heavy bombers participating was not disclosed, but the largest previous reported American heavy operation involved 400 planes, making it appear that 500 or more were sent against Wilhelmshaven. Five heavy bombers and two fighters were lost.

Butler, Nov. 4.—(P)—Death claimed two well known district officers yesterday, Homer Dale Biery, 48, president of the Pennsylvania Cement Co., and Charles A. Wilder, 60, secretary of the T. W. Phillips Gas and Oil Company and the West Penn Cement Company.

Biery, whose "Little Pat" won fame for him in the racing circuit in 1939 by scoring three consecutive triumphs over "Her Ladyship" one of the world's fastest racing mares, died in Lakeside hospital at Cleveland after an 18-month illness. He lived at Victory Heights, near Franklin.

Wilder died of a heart ailment. He had lived in Butler since 1908.

Philadelphia, Nov. 4.—(P)—Sidney Hillman, chairman of the political action committee of the CIO, today said that if the 1944 presidential election were a few months away he would be ready to commit himself for a fourth term for President Roosevelt.

Thunderous applause followed the remark.

"No organization can commit itself in 1943 for 1944, but if the election were within a few months I would still raise my voice for the sake of the nation for the nomination and election of Franklin Delano Roosevelt," Hillman said.

Hillman said he was asked whether this could be considered "a fourth term movement" and that his reply was:

"It is not a fourth term movement only."

He did not amplify this statement.

"Satisfactory Agreement" Is Reached With Secretary Ickes

THOUSAND STILL IDLE

BY JOSEPH A. LOFTUS

Washington, Nov. 4.—(P)—An agreement reached between the government and the United Mine Workers of America for increased pay in the nation's coal mines—designed to end an almost total work stoppage—will necessarily mean an increased consumer price for coal, Interior Secretary Ickes said today.

Ickes, again the U. S. Mine Administrator under government seizure of the pits, told his press conference that he will very likely ask the Office of Price Administration (OPA) to raise prices to meet the increases granted the workers last night, subject to War Labor Board approval.

The miners, after virtually ignoring the appeal of President Roosevelt to report for work yesterday, started back to the pits on orders of John L. Lewis, president, and other officers of the United Mine Workers who advised them of a "satisfactory agreement" with Secretary of the Interior, Ickes, the U. S. fuels boss.

The War Labor Board said it would consider the agreement "first thing" today.

U. S. U-Boats Sink Ten Jap Merchantmen

Washington, Nov. 4.—(P)—Sinking of 10 Japanese merchantmen and damaging of three others by American submarines was reported by the navy today, bringing to 487 the number of Japanese ships sunk, probably sunk or damaged by undersea craft.

The navy's communiqué also reported the sinking of a 1,000-ton freighter by a navy reconnaissance plane off Ocean Island, 750 miles northeast of Guadalcanal.

Among the ships sunk, all of them in use in supplying Japanese bases, were six freighters, a large cargo transport and two tankers. The damaged vessels included two more freighters and a tanker.

The area in which the submarines operated was not disclosed, but previous navy reports have said submarines were operating off the coast of the Japanese mainland.

The reconnaissance plane, operating under the command of Admiral William F. Halsey in the South Pacific, attacked and sank the enemy freighter 30 miles southwest of Ocean Island, which is about 150 miles east of Nauru.

Many Motorists Will Be Without 'A' Stamps

Pittsburgh, Nov. 4.—(P)—Failure of thousands of motorists to apply for renewal of "A" gasoline ration stamps means that they will be without the new No. 8 stamps necessary to purchase motor fuel on or after next Tuesday, the OPA warned today.

Delivery of new books by Tuesday cannot be assured unless renewal applications were filed with local boards before yesterday, the OPA said.

Indications of the complete demoralization of the Germans were given by the Russian communiqué, which said the enemy was abandoning thousands of their dead and huge stores of war equipment as they poured across the Dnieper river to the west.

The swift-charging Cossacks and Red army motorized columns were pictured as cutting through the Germans as they streamed back from the Ukraine while Soviet planes pounded the Nazis unceasingly from the air. Carnage was especially heavy at the Dnieper crossings leading to Kherson, the Moscow bulletin said.

Yesterday's advance of 10 miles netted the Red army 80 towns in the steppe region between the Dnieper and Karakum bay on the Black Sea, Moscow said. More than 3,000 Germans were reported killed in this sector alone, including one entire Nazi regiment.

Another 1,500 enemy troops were slain inside the Dnieper bend to the north, where Red army columns plunging southwest of Dnepropetrovsk captured seven villages, rounded up hundreds of prisoners and huge dumps of tanks, guns and other war gear, the Soviet bulletin declared.

San Francisco, Nov. 4.—(P)—Dillon S. Myers, national director of the War Relocation Authority, says a demonstration by a crowd of Japanese at the Tule Lake Segregation Center Monday was a bid by disloyal leaders to be the first sent back to Japan.

In the first official account of what happened at the center, Myers told interviewers at Seattle that the Japanese at the Tule Lake Center in northern California all (Turn to Page Nine)

Pittsburgh, Nov. 4.—(P)—A woman invalid and two small children lost their lives in two fires yesterday.

Mrs. Mamie Standback, 51, died of burns in Mercy hospital, a few hours after she had been carried from her flaming residence. She had been confined to bed with illness.

The children, William Thomas, 3, and his sister, Mary Lee, 4, were victims of a fire which swept a Braddock apartment. Both were dead on arrival at Braddock general hospital, the boy suffering burns of the entire body while the girls died of suffocation.

Two other persons were hurt in leaps from a second story window of the house from which Mrs. Standback was carried.

Battered Remnants of Field Marshal Von Mannstein's Army of Ukraine in Wild Flight Across Steppes

ABANDON EQUIPMENT

London, Nov. 4.—(P)—The battered remnants of Field Marshal Von Mannstein's once proud army of the Ukraine are fast being turned into a disorganized war-yearly mob in their flight across the marshy Nogaik steppes of southern Russia toward the Bug river defense line, Russian advices indicated today.

Paced by hard-riding, sabre-wielding Cossack cavalrymen, Red army mobile columns were slashing at the heels of the retreating enemy, and today were believed to be nearing the eastern outskirts of Kherson, Black Sea port at the mouth of the Dnieper river. Yesterday, they stormed and captured Bolshoi-Kapany, on the Kherson-Perekop railway, 21 miles east of Kherson and a scant 15 miles from the town of Aleshki, east bank bridgehead at the Kherson crossing.

Indications of the complete demoralization of the Germans were given by the Russian communiqué, which said the enemy was abandoning thousands of their dead and huge stores of war equipment as they poured across the Dnieper river to the west.

Acting Captain of Detectives Patrick McVeigh of The Bronx said the boy was picked up at 7:45 a. m. after an eight-state alarm had been broadcast for him.

The body of the aged but energetic woman was found late yesterday afternoon by her daughter, Mrs. Anna Marcus, in her sixth floor apartment. Police said they found the grandmother's body in a kneeling position in a closet, back to the door. Investigators said \$65 was missing from a living room desk.

Last night Leonard's parents reported they had received a telegram from Philadelphia reading: "Sorry for what happened. Letter will follow. Will repay you, Leonard."

With the boy when Wayne police picked him up was a companion and fellow high school student, Milton Rudnitsky, 17, of The Bronx, police said.

An autopsy showed, police reported, that Mrs. Flicker died of strangulation and possible hemorrhage from a fracture of a bone in the throat. This, they said, could have been caused by the pillowcase or by manual pressure.

The biggest single cut was in refusing the navy's request for an additional \$750,000,000 for its stock fund capital.

NO NATIONAL TREND SAYS DEM. CHAIRMAN

Washington, Nov. 4.—(P)—Democratic National Chairman Frank C. Walker dismissed Republican victories in New York, Pennsylvania, New Jersey and possibly Kentucky off-year election contests as simply the outcome of campaigns fought on state issues without showing any national trend.

"The administration did not take active part in a single contest," said Walker in his election statement last night. "Nor was the issue of national party politics clearly drawn anywhere."

15-Year-Old Boy Charged With Killing His Step-Grandmother

\$65 TAKEN FROM DESK

New York, Nov. 4.—(P)—Fifteen-year-old Leonard Marcus was held in Wayne, Pa., today for questioning in the slaying of his white-haired, 75-year-old step-grandmother, Mrs. Jennie Flicker, who was found in a closet yesterday strangled to death, a white, freshly ironed pillow case knotted about her neck.

Acting Captain of Detectives Patrick McVeigh of The Bronx said the boy was picked up at 7:45 a. m. after an eight-state alarm had been broadcast for him.

SEA ARMADA AT RABAU IS BOMBED OUT

Nearly 100,000 Tons Japanese Shipping Sunk or Damaged and 129 Enemy Planes Destroyed

DRIVE GAINS GROUND

Southwest Pacific Allied Headquarters, Nov. 4.—(P)—Allied air might, dispersed in strength at bases from which to strike hard and swiftly, has blasted into twisted hulks the warships and transports Japan massed at Rabaul to counterattack the northern Solomons invasion.

In a dazzling display of diversified power, General MacArthur's big bomber force sank three destroyers and eight large merchantmen or transports at Rabaul Tuesday and ripped open the hull of a heavy cruiser while planes of Adm. William F. Halsey ranged the length of embattled Bougainville, blowing new holes in its unseizable airfields.

Halsey's units also dived and swirled in day long battles to keep Japanese planes away from the American marines driving enemy soldiers back into the jungles on Bougainville's west coast.

In all these operations, nearly 100,000 tons of Japanese shipping were sunk or damaged, 129 enemy planes were destroyed or crippled and more than 200 tons of explosives tore into the enemy's power to resist.

Under such formidable air cover, the drive to oust the Japanese from the rest of the Solomons and on to Rabaul gained ground. The marines, killing more than 125 Japs at a cost of about 50 of their own men, expanded the beachhead won Monday at Empress Augusta Bay on Bougainville.

Admiral Halsey jubilantly called the operations "the flexible springboard for the longer jumps ahead."

He declared the Allies now are able to hit harder, faster, more often and in more places than the Japanese ever dared think possible and that appearance of the Japanese fleet would bring nearer the day for the "march through Tokyo."

Tuesday's Rabaul smash was devastating. More than 150 Mitchell and Lightnings swept in, the bombers as low as the tops of (Turn to Page Nine)

Appropriations Bill Slashed 82 Percent

BY ALEX H. SINGLETON

Washington, Nov. 4.—(P)—The skeleton-like remnants of a \$1,196,428,749 catch-all appropriations bill emerged from the house deficiency subcommittee today slashed by 82 percent in a congressional economy drive—to a total of \$215,368,444.

Aftermath of six weeks of day-and-night scrutiny into the requests of almost two-score government agencies for extra funds, the measure went to the house floor with several proposed allocations reduced drastically, others eliminated entirely.

Escaping the "bone removing operation"—a description which came from Chairman Cannon (D-Mo)—the oft-embattled Office of War Information (OWI) was granted its request for an additional \$5,000,000 after top-ranking military chiefs highly praised its war work.

The biggest single cut was in refusing the navy's request for an additional \$750,000,000 for its stock fund capital.

First Pre-Pearl Harbor Dads are Drafted In Philadelphia

Philadelphia, Nov. 4.—(P)—teen pre-Pearl Harbor fathers, elected to be the first drafted in Philadelphia, were inducted into army yesterday, and officials of boards that called them said they appeared good-natured and willing to serve.

Some of them had been engaged in work classified as essential and non-essential, while others had jobs in the non-essential class. The champion father of the up was John Coleman, 34, who has four children, the oldest 13

and the youngest a little more than a year old.

Coleman is going into the Seabees. "I'm a little short-winded but I guess they'll take that out of me," he said.

The veteran husband was Stanley Smith, 36, a bartender and cook, who has been married 19 years. He has three children, the oldest 17 and the youngest 9.

Mrs. Smith said, "I feel swell about it. Any healthy man ought to go, no matter how many children he has provided his family won't go hungry."

Corydon Folk Dedicate Fine Honor Roll

Corydon, Nov. 1.—On Sunday afternoon, October 31st, the residents of Corydon gathered together to witness the dedication

of the Corydon Honor Roll. A short but impressive program, arranged by the members of the Grange under the direction of Paul Duntley, was as follows: The singing of the first verse of America, led by Mrs. Paul Duntley; prayer, by Rev. Allen Pfautz; and the list of the names of the young men and women in the service was read by Seaman C. S. La Dow and Beverly J. Prue.

After adjourning from the site of the Honor Roll to the I. O. O. F.

hall, the song "Homage to the Flag" was offered by Misses Margaret Crooks, Patricia Holsinger, Mary Anna and Barbara Dean Gardner and Celeste Van Sickle. Following the singing of "Say a Prayer for Jim" by Mrs. Allen Pfautz, Harold Hampson, of Warren, gave an interesting talk on "Why Our Boys Are Fighting This War." Mr. Hampson's points of view were unanimously agreed upon by his listening audience, who realized more than ever their responsibilities after this war is over. The program concluded by the singing of "There's a Star-Spangled Banner" by Mr. Arthur Fair, the group singing of the first stanza of "The Star-Spangled Banner" and prayer by Rev. Pfautz.

The following people are to be much commended on their excellent and indefatigable work in the construction of the Honor Roll: A. M. Kraft, E. L. Van Sickle and Mrs. Clyde La Dow and her committee. Thanks are extended to Mr. and Mrs. L. J. Whyte who donated the flag.

Vote Shows Republicans Loom Large

Until the official canvass of the vote cast Tuesday is completed the unofficial returns of Tuesday's election are giving the county Republican organization much cause for rejoicing. With every major and most of the minor offices safely in the hands of the GOP County Chairman Jesse Smith and his cohorts point to a job well done.

Returns scanned again last evening show some changes in the vote as computed and printed yesterday.

In the borough the vote last night showed: Reno, R., 1605; Linder, R., 1701; Olney, D., 508; Hanna, D., 612; Seavy, R., 1623; Ostergard, R., 1555; Simonson, R., 1757; White, R., 1707.

In the boroughs and townships of the county the following results were tallied: Reno, R., 2830; Linder, R., 3147; Olney, D., 1180; Hanna, D., 1205; Seavy, R., 3054; Ostergard, R., 2654; Simonson, R., 2178; White, R., 3131.

The grand total received shows the following: Judge Supreme Court, Claude Reno, R., 4435; For Sheriff, Linder, R., 4848; For county commissioner, Olney, D., 1688; Hanna, D., 1817; Seavy, R., 4677; Ostergard, R., 4209; For county treasurer, Simonson, R., 4935; Prothonotary, White, R., 4838.

The newly elected officials will be sworn into office January 1st.

Hunter Shot When Gun Is Discharged

The first hunting accident of the season in this county took place this morning when Arthur Hagerman, 28, of Warren, though was seriously wounded by the accidental discharge of the gun of a companion. Hagerman with Robert, Check, 26, of North street, had entered the woods in the township to hunt birds. In some manner the gun of Check was discharged. The full force of the discharge entered Hagerman's left upper arm and his left chest. He also suffered severe shock.

He was removed to the Warren General Hospital where he was given treatment.

The heavy shock as well as the wounds caused his condition to be quite serious but he is rapidly recuperating and is expected to recover with little trouble.

Both men reside in district and are well known as lovers of the out of doors. Hagerman resides at 203 Russell street. Just how the accident took place or what caused the gun to discharge is not known.

MEN AND WOMEN IN SERVICE

Cadet Clair A. Wood is home from DePaul University in Chicago, Ill., on seven-day furlough with his parents, Mr. and Mrs. Paul Wood, of Russell.

TIMES TOPICS

WAR FUND HAS OFFICE
Attention is called to the fact that the permanent office of the Warren County War Fund, Inc., is located in room 312, Warren Bank & Trust Company Building.

NAME IS INCORRECT
It was incorrectly stated in Wednesday's issue that the poster of Donald Shriver had won second place for fifth graders in the PTA contest. The runner-up was the work of Leo Weidmaier and young Shriver was given honorable mention in the same group.

GOOD PICTURE SHOWN
In the current issue of the Defense Council News published by the State Council of Defense there appears an excellent picture of the Warren Control Center. It has been touted as one of the best in the state and the group picture shows most of the persons who compose the staff.

IS ON PROGRAM
Merle H. Deardorff, vice president of the Warren Bank and Trust Company and authority on Pennsylvania history, has been invited to appear as guest lecturer before the History of Pennsylvania Class sponsored by Edinboro State Teachers' College at Warren High School at 4:30 p. m. Monday, November 8. This class is part of the college extension program and is instructed by Dr. H. L. Offner.

FOREMEN'S CLUB
A talk on Do-All Gang Blocks will feature the next regular meeting of the Warren Foremen's Club at the YMCA Monday evening at 6:30 o'clock. The speaker will be R. P. Anderson and his talk will be illustrated with motion pictures. An entertainment feature will be furnished by the Struthers-Wells group of foremen. Reservations for the supper should be in the YMCA office by tomorrow night.

BEAUTIFUL PICTURES
In a recent issue of the Buffalo Courier-Express (which no one in Warren sees due to the ruling excluding Buffalo Sunday papers from Warren) several fine pictures taken along the Allegheny river were shown. One of the pictures was taken near Salamanca, one just below Warren and one near Hickory. All of the scenes were photographed in the morning and were out of the ordinary.

CARS DERAILED
Five cars of freight derailed yesterday morning at Huntley, east of Emporium, caused a traffic tie up on the local Pennsylvania division for some time. Train No. 581 from the east due here shortly after 7 a. m. was derailed via Driftwood and DuBois and was three hours late in arriving here. Heavy freight traffic was also tied up for hours. No one was reported as having been injured and outside of damage to equipment little harm was done.

FIRE AT BRADFORD
Bradford's business district was visited by one of its most stubborn fires in recent years last night when damage of approximately \$50,000 was reported done to the stock and the inside of the four-story brick building located at 83-85 Main street. Approximately \$45,000 was reported lost in stock in Kline's ready-to-wear and Department store, which occupies the street floor and a portion of the rear of the second floor, and to the stock of the Rosen Furniture store, stored in the front portion of the second and third floors.

HI-Y CLUB PLANS
All boys of the Senior high school who are interested in learning about Hi-Y club plans and activities, and who may wish to give consideration to enrolling as Hi-Y members, are invited to attend a special meeting at the YMCA this evening at 7:30 o'clock. Attendance in no way obligates anyone to apply for Hi-Y membership, but does give a splendid opportunity for any student wishing to learn more about this fine organization which combines service, self development and sociability. Hugh Jamieson is the club president and J. R. Reddick and Ralph H. Wagner faculty and "Y" advisors respectively.

EVENTS TONIGHT

PHC supper-meeting-games, District Purchasing Agents Association supper-meeting at Hotel Carver.

Honor Roll Gets Attention

On display at the VFW service rooms in Pennsylvania avenue, west, is an unique piece of hand-craft, the work of Mrs. Lottie Himes, of Tiona.

Made of red, white and blue crepe paper, studded with stars, the canopied object is an honor roll containing the names of 19 men in service from Mrs. Himes' home vicinity. It is about two and

one-half feet high, one and one-half feet wide and of about the same depth. First shown at the community fair in Tiona, the honor roll won for its owner a coveted blue ribbon in the miscellaneous class.

Mrs. Himes is proud of the fact that two of the names on the roster are those of her own sons, LeRoy T., now serving overseas, and Charles W., currently located at Keesler Field, Miss.

Hollywood Gossip

By ROBBIN COONS

HOLLYWOOD—One way to appreciate the miracles that have been wrought in China and Russia is to study the lesser miracles involved in recreating them on celluloid.

Last July 5, out from Hollywood went a crew of six men with tractors to the peaceful fields and hills near Calabasas. In the ensuing weeks, other men joined them—carpenters, painters, landscape artists, electricians, plumbers. Today some 100 acres of this countryside are a little bit of China for the cameras of "Dragon Seed."

And beside this bit of China, behind the cameras, is a great big bit of Metro-Goldwyn-Mayer: a business office, a mess tent, tent dressing rooms for hundreds of extras (Chinese mainly, a few Mexicans and Indians to serve as "background Chinese"), make-up tents, wardrobe tents, a school-room for child actors, a fleet of buses for transportation, a small fleet of trailer dressing rooms for principals like Katharine Hepburn and Walter Huston, and all the appurtenances of a crude but adequate movie studio—or village.

THE set is the farm village of Ling Tan (Huston) and his wife (Aline MacMahon), prosperous and peaceful before the

Japs came. Today the Japs are in the distance, and the Chinese are evacuating their cities. The procession of trucks and wagons, groaning under tons of massive machinery, hauled and pushed by hundreds of Chinese, is passing through Ling Tan's countryside. The camera covers it far down the winding road (cut by M-G-M) around the plowed, terraced hills.

It is all as it was recorded in Pearl Buck's novel. Director Jack Conway is striving for perfection.

They have "planted" trees and shrubs, and sowed a flourishing rice field (mostly barley but photographically rice) and plowed and terraced the hills, and painted the terraces with hundreds of gallons of black water-paint to make them photogenic. They have dug and filled a lake and peopled it with white ducks.

They have made "Chinese trees" from native tree-trunks or plaster, and attached painted foliage. They have made fences of plaster, and painted the plaster to look like stone. They have built—of metal-painted wood—the "heavy" turbines and cogwheels from China's factories.

All this done and the company gets two or three shots a day—if the wind doesn't come up suddenly, if the sun doesn't vanish, if the clouds (which haven't yet learned to obey Louis B. Mayer) assemble themselves properly, if ... if ... and if.

Guardsmen Essential To Home Defense

Since the announcement that Co. B of the Pennsylvania State Guards is to be expanded so as to form a company of 73 men, many prospective members have been asking numerous questions as to the nature of the obligations undertaken, the term of the enlistment and what function does the Guards serve in the defense set-up.

Captain James V. Scallise, who will be the commanding officer in charge of Co. I when fully organized, in an interview stated: "When a man enlists in the State Guards his enlistment is for the duration of the war and six months thereafter. He cannot be discharged during this period of enlistment except upon being inducted into the regular armed forces. Should the men be obliged to leave this community by reason of his work, he will then be transferred to an inactive status and will not be subject to call except in case of emergency. Attendance at drill is compulsory except where it may conflict with the man's work. Upon enlistment, he becomes subject to the Articles of War and is subject to discipline as any other soldier."

Captain Scallise continued: "We are fighting a total war, and by reason of that fact the home front must be organized on such a basis that it will support the fighting men to the maximum of our strength. The seriousness of the obligation undertaken by the Guardsmen is proof enough of the importance of the Guardsmen in the defense set-up of our country. While the threat of invasion seems to be over, nevertheless, we cannot lay down our arms and expect our boys fighting in New Guinea, Italy, Iceland and the Alaskan theatre to carry on, knowing that the home front has not been organized to its fullest extent."

Captain Scallise was then asked as to the physical requirements, and in reply stated that numerous men who had been classified as 4F are now members of the Guards, for, while their physical condition may have been such as to have them disqualified for active service in the Army or Navy, yet those same individuals have passed their physical examinations for the Guards and have not found the work required of them too strenuous.

Men between the ages of 17 and 50 are urgently needed for the Guards, and those interested are requested to see the commanding officer at the armory on Tuesday.

Clean-Up Day Date Set In Youngsville

Youngsville, Nov. 3—The regular meeting of Youngsville Council was held in the Borough Building on Monday evening Nov. 1, 1943.

After routine business Supt. White reported that a new heating unit is being installed in the Borough Disposal plant and will soon be in use.

The Council decided to have only one day this fall as a "clean-up day." Youngsville people are asked to have all material, which they desire to have carried away at the curb on Wednesday Nov. 10th.

A report of work of the finance committee in consideration of the 1944 Borough Budget was made by Leo Johnson, chairman of the Finance Committee. This committee met recently and the report was the results of their suggestions.

After some discussion on the Budget for 1944, the meeting was adjourned.

NEW FACULTY MEMBERS

Youngsville's school board has now secured as music supervisor Harvey Horn, who has been for the past twelve years school music supervisor of the city of Marietta. Mr. Harvey expects to assume his duties in the Youngsville school January 5, 1944.

Mrs. Warren Jones is for the present taking over the work in junior high school, which was formerly conducted by Mr. Cable who has joined the U. S. A. armed service.

Mr. and Mrs. E. Campbell and family of Stockton, N. Y., spent Saturday with the latter's mother, Mrs. Esie Spencer.

You May Never Have To Take Another Laxative

Most constipated people might be as regular as clockwork—if they would only quit worrying—stop being nervous—take more exercise—watch their diet—and get up mornings an hour or so earlier to give bowels time to act. But who can or wants to do all this?

So—the next best thing is to keep the bowels working as regularly and comfortably as we can—and that's where good old Ex-Lax comes in. Why?

Because you may take Ex-Lax at night and expect results in the morning when you get up without waiting around—because they do not move the bowels so violently as to leave you feeling weak and washed-out.

AND because they help give the grand, comfortable, satisfying type of movement that makes the spirits soar—and what sour, constipated person could ask for more? Get Ex-Lax at your drugist today and take as directed. 24¢.

Armour Ideas Make the Most of Meat

Company Feast—Roast Pork Loin and Apples!

Old-fashioned family get-togethers call for hearty meat meals... even in wartime! And one of the most sumptuous... most colorful you can fix is Roast Loin of Pork with Rosy Apples.

You'll need a big platter! Cause this is a big meal... rich, meaty and attractive. It's a juicy, fragrant roast of pork flanked by bright-red, cinnamon flavored apples. It's sure to click... especially when the pork is Armour's. For all Armour meats are delicious, wholesome good-eating.

Have your meat man saw back bone of 4 lb. loin roast of pork so that it's nearly free of the roast. Place it,

fat side up, in open roasting pan, rub with salt, pepper and roast in 350° F. oven. Figure 30 minutes to the pound, or cook until meat thermometer, placed in center of roast, registers 185° F.

Peel and core 6 medium sized apples. Cook 2 cinnamon sticks with 2 cups sugar and 2 cups water 3-4 minutes. Add enough red fruit coloring to make a clear red color. Simmer apples in syrup very slowly until clear. Let cool in syrup or serve hot. Garnish roast with crisp greens.

Needlework Guild Offers Explanation Of Needs, Membership Requirements

At no other time in recent years have shoppers faced so many difficulties in searching out bargains for their families and households, a condition due to wartime difficulties and restrictions of one kind or another, but this will not deter the efforts of hundreds of Warren women who are asked this week and next to make their annual contributions to the Needlework Guild garment collection.

Many have already made their purchases and some few have already turned them in to their directors but others who have not previously been members or who are not familiar with the needs of the organization have asked for an explanation. To assist them in their efforts, officers of the Needlework Guild were consulted and offered the following suggestions:

Articles most needed for persons of all ages are good, warm undergarments, stockings and socks in pairs; gloves, warm caps, sweaters, petticoats, nightwear, shoes, rubbers or overshoes. The type of article needed for infants

includes blankets, slips, petticoats, diapers, woolen jackets, woolen stockings, caps, wrappers or any other item needed for one's own baby. For the supplying of needy homes, the list contains such articles as sheets, pillow cases, towels, wash cloths.

All articles must be new and where items come in sizes, the membership gift of two garments must be identical. This requirement allows the distributing agency to provide a change of such article of clothing, since a gift of but one piece would accomplish little in the way of alleviating the need.

Members of the Needlework Guild may specify what charitable organization is to receive the gifts, since the Guild is aptly termed "the charity that aids all charities" and all members are invited and urged to attend the "garment collection" and tea that it held annually at the Woman's Club.

This year's collection day has been set for Friday, November 12, and members are asked to get their gifts to their directors no later than November 10.

Community PTA Completing Plans For "Little Men"

"Little Men", the familiar story by Louisa May Alcott, is the choice of the Community PTA Council for its first PTA Tree Major production for this season. The date set is Monday, November 8, and the time is four o'clock in the local high school auditorium.

Some days ago the ticket committee was obliged to announce a complete sell-out of the auditorium, ample proof that the children of Warren and vicinity are continuing their interest in this form of entertainment which has proved so popular in several seasons past.

PTA groups in rural communities are planning transportation so that their students may enjoy the two productions which are to be given this year, so that it is very unlikely there will be a seat vacant when the curtain goes up on "Little Men" on Monday afternoon.

STATE HOSPITAL ALUMNI REUNION

Featuring the Tuesday evening meeting of the Warren State Hospital Alumni Association was a reunion of a number of present and former members. Those from out of town included Miss Louise Miller, of Danville, who is a former supervisor of nursing at the institution; Lt. Mabel Parker, with the Army Nursing Corps at Lawson General Hospital, Atlanta, Ga.; Mrs. Blanche Jones, Los Angeles, Calif.; Miss Caroline Reitz and Miss Marietta McDermott, Bradford.

Miss Flora Darling, delegate to the Advisory meeting of the Pennsylvania Nurses' Association, held last week in Harrisburg, reported on happenings there and Lt. Parker told interestingly of new medicines and methods of treatment being used in army hospitals. To conclude, Miss Darling was hostess for refreshments.

DYKINS-ARBAUGH MARRIAGE ANNOUNCED

Announcement has been received here of the marriage of Gerald E. Dykins, Finksburg, Md., and Bernice Arbaugh, daughter of Mr. and Mrs. Charles Arbaugh, of Reistertown, Md. The ceremony was performed at 2 p. m. October 31, in the Ames Methodist church at Pikesville, Md., by Rev. W. S. Brown. Attendants were Mr. and Mrs. William Geist, of Pikesville. Immediately following the ceremony, a reception was held at the home of the bride's sister and brother-in-law, Mr. and Mrs. Lynn Byrd.

The newlyweds will make their home at Reistertown. Mr. Dykins, formerly of Warren and a son of Mr. and Mrs. T. J. Dykins, of Clarendon, is employed by the Sinclair Refining Company.

Things Returning to Normal In the National Pro League With Hutson Leading Loop

By BUCKY O'CONNOR

Chicago, Nov. 4.—(P)—War or no war, things apparently are returning to normalcy in the National Football League. Don Hutson of Green Bay again leads the loop in scoring and passing. The great Packer end, who holds 17 individual records—more than any other player in the league's history—had a slow start this fall. Beaten with grief, first at the loss of a young brother in the Pacific war theatre and then with the death of his father, the 30-year-old veteran was not the Hutson of other years.

Contributing factors to his slackened pace, no doubt, were his preoccupation with civic and personal affairs. He's had difficulty securing adequate help to operate his thriving Green Bay bowling alleys. And as chairman of the Brown County (Wis.) Red Cross drive he worked like a beaver, producing an over-subscription of 70 per cent. Then, too, he's on a civic committee to study possi-

bilities of obtaining a community airport.

So it wasn't until this week that he finally got around to his customary business of dominating the pre league in scoring and passing. Against New York last Sunday he had one of his greatest days, breaking five of his own league records, snagging two touchdowns and kicking five extra points. His 17 points gave him a season total of 54, ahead of Bill Paschal of New York who is second with 48 and Harry Hopp of Detroit, third with 42.

In nabbing seven passes he boosted his season figure to 23, overtaking Wilbur Moore of Washington who dropped to second place with a total of 20. Moore's catches, however, have netted six scores. Hutson's five. Don will be out to better that mark Sunday against the Chicago Bears and keep his team in the championship race.

So goes the man who wanted to quit football this year.

Hunters in Three Northern Counties Protest the Open Season On Does This Year

Harrisburg, Nov. 4.—(P)—Protests of northern Pennsylvania sportsmen against an antlerless deer season next month gained volume today, with the Game Commission reporting receipt of petitions to call off the season in Clinton, Potter and Cameron counties.

Hunters' organizations, contending out-of-county sportsmen are receiving most of the \$1 special permits to the exclusion of residents, circulated the petitions under a game law provision which calls for abrogating a season in any county if half the licensed hunters call for that action.

"It now becomes the commission's duty to check these petitions to determine their validity," explained President Ross L. Leffler in a statement. If the season is nullified, fees will be returned or applicants given permits to hunt in other counties.

Leffler said, "withdrawals in

writing are being made by many of those who signed the petitions," and added: "they claim their signatures were attached under a misunderstanding of the facts. One of the most common misleading statements was that the permits would all be obtained by residents of other counties."

He reported that 2,209 permits remain unassigned in Clinton county, 8,363 in Potter county and 1,713 in Cameron county. The quotas for Lycoming, Sullivan and Warren counties have been exhausted, while in McKean and Tioga counties 6,193 and 3,130 permits, respectively, are available. The season has been set for Dec. 13, 14 and 15.

"Crop damage continues in all these counties," Leffler declared. "In the eight counties declared open to antlerless deer more than 1,000 animals have been killed by farmers to date. Herds of 25 to 50 deer have been observed on numerous grain fields."

Penn-Navy Game Saturday at Philadelphia Is a Complete Sellout Crowd of 73,000 Fans

By BOB HOFFMANN

Philadelphia, Nov. 4.—(P)—The jinx of Franklin Field, a Jekyll and Hyde type of fellow, will be the 12th man on the Navy's football team when it lines up against undefeated Pennsylvania Saturday before a sellout crowd of 73,000.

It seems this swingshift bogeyman operates against the Army when it plays Penn here—see last week's results—but turns on the home forces when the Red and Blue entertain the Navy.

The Midshipmen, 800 of whom will make the trip here by ship to watch the proceedings, are counting heavily on the jinx.

The ticket window banged shut yesterday and the Penn athletic of-

fice said every bit of space in the stadium had been sold for this clash of the Navy with its oldest major football rival.

Penn has the edge in the long series, which started in 1888, with 14 victories against 11 for the Navy and two ties. But since 1927, when the contest became an annual affair, Navy has won nine, lost six and tied one.

The Middies took the last two games, though they were underdogs on each occasion. And in both cases the Navy triumphs followed Penn victories over the Army.

Coach George Munger announced yesterday that Joe Kane will be Penn's captain for the game. The veteran wingback has carried the ball 60 times for 401 yards and eight touchdowns so far this year, and he fired a touchdown pass to Frank Quillen in the Army game.

Munger's worries were eased somewhat by the work of Walter Rubien, who looks like the probable starter at right end in place of Frank Kane, who suffered a recurrence of an old shoulder injury in the Army game. Kane may be available as a replacement.

Lester Zetty, the former end who has become one of the east's best tackles, has been on the sidelines for two days with a heavy cold, but is expected to be ready for contact work again by tomorrow.

Chances of Army Looking A Bit Brighter

By HAROLD CLAASSEN

West Point, N. Y., Nov. 4.—(P)—Angelo Bertelli's leaving Notre Dame and making possible Johnny Lujack's quarterbacking has taken in so much of the grid fans' attention that most of them have forgotten that Doug Kenna of Army virtually will make his debut when the Cadets and Irish collide in New York Saturday.

Like Lujack he has been no more than a substitute this season but it has been an injured knee, not the presence of a player with more talent, that has kept the Mississippi marvel bench-ridden.

In fact, Lt. Col. Earl Blaik who coaches the Army football team says unqualifiedly that Kenna "is the best back I ever have coached" and that he is the best ball carrier at West Point since the late Red Cagle.

But a trick knee joint has caused him more trouble than rationing does a cook.

He played only briefly last year but was outstanding in the Cadets' final period drive against Navy. This year the joint has stopped him twice and he has played only 12 minutes, against Pennsylvania last week.

In that brief appearance he showed that he knew what pass defense was all about and once on offense he was hemmed in near a bride's tea towel for an apparent 10-yard loss by a quartet of Quakers. When the whistle tooted, however two of the Pennsylvanians were prone, Army had a six-yard gain and Kenna had been stopped by the sidelines.

ATHLETICS GAIN ONE AND LOST ANOTHER

Philadelphia, Nov. 4.—(P)—The Philadelphia Athletics lost one player and gained another yesterday, when pitcher Charles (Major) Bowles was inducted into the army and Connie Mack announced the signing of William H. Miller, Jr., varsity catcher at Holy Cross College last year.

Mack said he learned Bowles, up from Lancaster in the Interstate League, was drafted at Huntington, W. Va., yesterday.

BOWLING

By the narrow margin of five pins in the second game, Creal's took one point from the fast-going Trevenen's Little Giants in the Conewango League last evening.

"Doc" Robertson, who seems to have hit his stride again, walked away with the honors for the winners with games of 160, 214 and 236 for a high total of 610. Brasington came through with a 211 score in the first game. Rice, pinch-hitting for Conarro, was high for Creals with a single score in the third of 205, giving him a total of 533. The team totals:

Trevenen's 857 810 961—2628
Creal's 763 815 858—2437

SPORT SHORTS

Davilla, Pa., Nov. 4.—(P)—It's "possum-hunting" time in the Post Oak country—and folks this season are taking it seriously.

Salvage-drive officials promoted a hunt, and 25 negroes and five of the town's best hound dogs showed up. By daybreak they'd treed 17 "possums" and cornered five armadillos.

No traditional "possum" fat is dripping into barbecue fires, however; the grease went into war products.

Dallas, Tex., Nov. 4.—(P)—President J. Alvin Gardner thinks his Texas League could—and should—resume baseball next season.

"I'm convinced the people want baseball and the league could operate successfully," he said. "There are enough old ball players, 4-F's, and youngsters to carry on."

He'll submit the question to the league's annual meeting next week.

tried again. He landed an 18-pound silverside salmon.

It was the same fish, hooked in the spreader of the broken tackle.

New Process Girls League

In Mail of the New Process Girls League still keep up their winning pace as they disposed of their closest rival, Charters as they dusted them off for two points on Blair's 262 and Matthew's 249. Julian's 238 led the losers.

Routing disposed of the Sizing for two wins as Mosier's 258 and Tranter's 251 led the team to two new team totals as they tossed games of 544-588 to total 1132. Vah's 237 and Shepard's 223 led the losers.

Direct Shop posted two wins over the Accounting Dept. as A. Hagberg's 134-270 and Pileggi's 132-219 led the winners and Boyd's 218 led the losers.

Order Desk and Sorting divided their match, but the Sorting had to win the tie game roll off to get their one point. Beach's 218 led the Order Desk and Lilia's 229 led the Sorting, and her two strikes in the extra frame roll off decided their win.

Disloyal Japs Are Blamed For Uprising

are subject to return to their homeland.

By obvious subversive activity, Myer said, certain Japs hoped they would be the first returned.

At first one WRA official said the incident was inconsequential, but last night interviewers were given a different picture.

Myer said an angry crowd of Japanese seized the administration building and carried on a three-hour mass meeting in their native tongue while keeping 75 government employees inside virtual prisoners.

Orville Crays, WRA public welfare consultant from Washington, said that at 1:30 p. m. he saw a crowd of Japanese "I guess there were four or six thousand"—surround the building.

Myer and Ray Best, project director, spoke over a public address system, Crays said, "but didn't make any commitments."

He added that "I wouldn't say the crowd ever was threatening," but that "I would have hesitated to have tried to leave the building without a good reason."

Robert Cozzens, western field director for WRA, said a Japanese committee demanded "better food" and more of it, called for a change in administration personnel and asked what was to be done about the crops which the Japanese refused to harvest last week.

Dr. Reece N. Pedicord, chief surgeon at the Center, was beaten by 15 young Japanese, Myer reported, in what he termed a side incident to the main demonstration.

He said Dr. Pedicord "hit the first blow." Internees demanded the surgeon's resignation, but Myer said he would be sent to another WRA center.

Nation's Coal Miners Are Slowly Returning

(From Page One)

Wilkes Barre, Nov. 4.—(P)—All but 1,000 of Pennsylvania's 80,000 anthracite miners remained idle today in the face of John L. Lewis' announcement of a "satisfactory" wage agreement and his back-to-work order.

Through the war-vital hard coal region there were scattered signs of a new revolt against Lewis' leadership, although many rank-and-file United Mine Workers' spokesmen said the mines probably would resume operations tomorrow after local union meetings today.

In previous stoppages in the long-standing mine wage dispute some anthracite locals have flatly disobeyed Lewis' orders for resumption under "truces" and some local leaders have openly criticized his leadership.

Miners today said they were awaiting official interpretation of the wage agreement announced after Lewis' conference yesterday with Secretary Ickes, administering the government-seized collieries. Many said they were confused as to the extent of the benefits they will receive.

Scarcity of Physicians Is Called Acute

situation he described as "very acute and dangerous."

Asking the committee for \$1,000,000 to pay the expenses of private physicians and dentists who could be urged to move to critical areas or for the dispatching of public health service practitioners to meet emergencies, Dr. Farran said the shortages have been created by younger physicians and dentists being taken into the armed services, by the retirement or death of older doctors, and by the creation of mushroom war-boom communities in sections where there were few or no physicians and dentists in practice.

NO ELECTRIC WASHING MACHINES NEXT YEAR

Washington, Nov. 4.—(P)—Senate backers of a ship-food-to-Europe resolution, laying particular emphasis on the needs of hungry children in Axis occupied lands, looked to Herbert Hoover today for confirmation that their proposal is practicable.

The former president, U. S. food administrator in World War I and chairman of the commission for relief in Belgium from 1914 to 1919, arranged to testify before a senate foreign relations subcommittee on a resolution by Senators Gillette (D-Iowa) and Taft (R-Ohio).

While acknowledging that home laundry equipment is one of the most needed home front items, War Production Board officials said today that the supply of small electric motors is too tight to permit resumption of washing machine manufacture now.

Washington, Nov. 4.—(P)—Electric irons but no electric washing machines are on the list of consumer goods tentatively scheduled for civilian production in the first quarter of 1944.

Some of the War Commission girls with whom Sally had traveled up to the Laurel clubhouse recognized soldiers from previous dances. At once they were rushed off to the dance floor. Here at least the usual Washington statistics were reversed. From the solidity of the tag line, Sally guessed there were three times as many men as girls. Right now the tag line wasn't doing much more than watching. Near her, Sally heard a USO hostess ask an extremely tall lad if he wanted to meet some girls. "No, thank you, mam," he drawled. "I don't want to meet any. I just want to look them over."

Guests were Mrs. Freeman Fladry, Mrs. Charles Carlson, Mrs. Howard Carlson, Mrs. Kenneth Conroe, Mrs. Kenneth Anderson, Mrs. Carol Brooks, Mrs. Chester Erickson and Mrs. Wayne Dobson. The honored guest was presented with many lovely gifts and the hostess served a buffet lunch to conclude the evening.

STUDY GROUP Members of the Pre-school Child Study Group will be entertained at eight o'clock Monday evening at the home of Mrs. Milton Kays, 105 Redwood street.

SPINSTER CLASS Spinster Class members of First Presbyterian church will have a tureen supper at 6:15 p. m. Monday at the home of Mrs. David Beatty, 312 Conewango avenue.

Obituary

MRS. CORAH L. TRESLER

Services in memory of Mrs. Corah L. Tresler, wife of Archie L. Tresler, Youngsville, who died at the Corry hospital Wednesday afternoon, will be held from the Bracken and Keating funeral home in Corry Friday afternoon at 2:30 o'clock. Burial will be in Evergreen cemetery at Union City. A more complete obituary will be printed later.

MRS. AUGUSTA JOHNSON Funeral services in memory of Mrs. Augusta Johnson, Cherry Grove, were held at the Peterson Funeral Home at one o'clock Wednesday afternoon, conducted by Rev. L. W. Drury, of Warren. Bearers for interment in Oakland cemetery were Henry Sorensen, Howard Christensen, Lawrence Johnson and Raymond McManus. Those who came from away were Walter C. Theodore G. and Franklin D. Johnson, Washington, D. C.; Mr. and Mrs. Carl A. Peterson, Franklin.

vania and the nation will go Republican in '44."

The executive forecast before Tuesday's municipal election that Republicans would triumph in 50 counties. Asked how he fared, the Governor smilingly declared:

"I was a very bad guesser. Fifty-five counties are sure Republican. There are 10 Democratic and two in doubt so that's bad guessing."

Counties which he listed in the Democratic column were Allegheny, Berks, Columbia, Elk, Fayette, Greene, Lackawanna, Northampton, Washington and Westmoreland. Doubtful were Pike and Sullivan.

Martin termed the election results "most gratifying."

In Washington, Rep. Ditter, chairman of the house Republican campaign committee, said of his home state's election: "It can be definitely forecast that the people in 1944 will elect a Republican congress."

David L. Lawrence, state Democratic chairman, declined comment.

DE MARIGNY TAKES THE WITNESS STAND

BY E. V. W. JONES

Nassau, Bahamas, Nov. 4.—(P) In a long-awaited witness stand appearance to defend himself against a murder charge, Alfred de Marigny said today that the slain millionaire Sir Harry Oakes "was very rude to me" after his daughter named the witness wife.

The Bahamas supreme court room was so silent that de Marigny's French-accented words echoed loud and clear throughout the chamber. It was the highlight of the sensational trial, so far as excited Bahamians were concerned, and seats were at a premium.

Everybody Reads the Times-Mirror

Chapter 16

FROM the look of the dance floor when Sally walked up to the door on Saturday night, every soldier stationed at Fort Meade was having a night out. Men in uniform were lined up a ring that ran three deep all the way around the room up to the orchestra platform. Sally at first couldn't even see the dance floor.

In the low-ceilinged lounge behind Sally, soldiers and their dates played bridge and checkers, or just sat in a corner and talked. Two women with red, white and blue USO armbands stood at the main entrance, welcoming a group of girls. Every girl, Sally had noticed, had to be sponsored. If you didn't belong to the Girls' Service Organization, a soldier or an organized group like the War Commission had to vouch for you.

Some of the War Commission girls with whom Sally had traveled up to the Laurel clubhouse recognized soldiers from previous dances. At once they were rushed off to the dance floor. Here at least the usual Washington statistics were reversed. From the solidity of the tag line, Sally guessed there were three times as many men as girls. Right now the tag line wasn't doing much more than watching. Near her, Sally heard a USO hostess ask an extremely tall lad if he wanted to meet some girls. "No, thank you, mam," he drawled. "I don't want to meet any. I just want to look them over."

Guests were Mrs. Freeman Fladry, Mrs. Charles Carlson, Mrs. Howard Carlson, Mrs. Kenneth Conroe, Mrs. Kenneth Anderson, Mrs. Carol Brooks, Mrs. Chester Erickson and Mrs. Wayne Dobson. The honored guest was presented with many lovely gifts and the hostess served a buffet lunch to conclude the evening.

STUDY GROUP Members of the Pre-school Child Study Group will be entertained at eight o'clock Monday evening at the home of Mrs. Milton Kays, 105 Redwood street.

SPINSTER CLASS Spinster Class members of First Presbyterian church will have a tureen supper at 6:15 p. m. Monday at the home of Mrs. David Beatty, 312 Conewango avenue.

TO dance, she was so grateful she could have kissed him.

By now the orchestra had swung into a rumba and the jitterbugs were coming off the floor in disgust. Sally could hear Larry had taught her, and they once almost won a rumba contest at the country club.

"Behind her a voice inquired, 'Want to dance?'"

Her rescuer was a short, stocky lad with his hair parted in the middle. "Here," he said, "let me get in front of you and I'll get us out to the dance floor." They pushed their way through the mob and up the dance floor.

"Name, please?" asked the boy as they began dancing.

Sally told him. "Just the Sally will do. Now if I'm lucky . . ."

He steered her into the center of the room. "Nobody will cut for a couple of seconds. Though Red has been cutting in on every girl I've discovered. Where have you been? I haven't seen you before."

"I JUST arrived." Shorty was no thrill, but he was nice. The dependable type, Sally decided.

"Are you coming up tomorrow?"

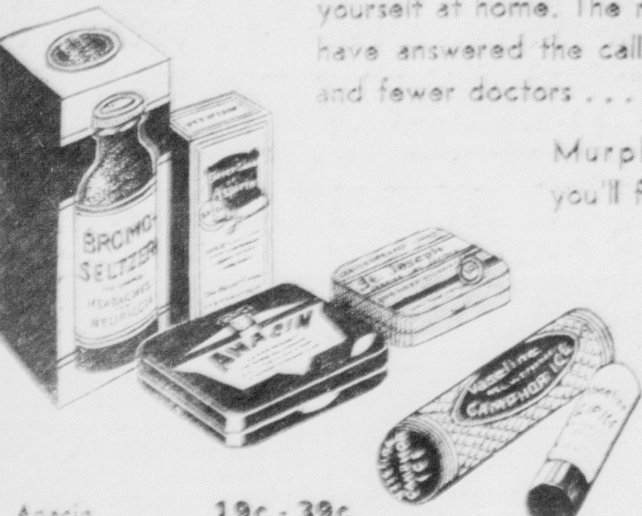

"Tomorrow! I don't believe so. I'm here with an office group."

"Oh! A working girl, eh? That's fine. Working girls are always in the money. How about taking me to the movies some night?"

Cops Oblige Citizens In Many Ways

"A friend in need is a friend indeed," and the cops of the city believe in the old adage and get busy whenever they can in alleviating the troubles of those in need. During the night, a fleet of army trucks arrived in the city about 4:25 a. m. They needed gas and appealed to the police for a supply with which to move. Quickly the police hopped into their cruiser car, rounding up the manager of a gas station and in no time at all the army trucks were rolling again on their way.

And it's not just hunting for drunks, burglars, etc., in the life of the guardians of the peace. Why only the other night a fellow had an earache and in applying a heating pad to the ear, a fuse blew out. Replacing it with another that blew out too. What to do? Telephone the cops! He did and the cruiser car rushed to the home with a new fuse and the ear was relieved. The heating pad went to work and the cops resumed their beats, warmed by the thought that they had done their good deed.

Every once in a while, too, some gal who is out late and afraid to walk home in the dark appeals to the boys and they speed her home in a trice, also in the police car. Medicine for the sick is rushed around PDQ; doors are opened for birds who forget their keys; befuddled citizens who have difficulty in driving their cars are guided home with a copper in the driver's seat and sundry and other good deeds are done. Yep, the police force just sort of keep their eyes on the village at night and Ray Eckhart, with his ear to the police phone, lends succor to all who need it.

PLEASANT TOWNSHIP
Tuesday evening's meeting of Pleasant Township PTA was in charge of Mrs. Susie Beebe, vice president, and opened with the Lord's Prayer and singing of "The Star Spangled Banner". Final arrangements were made for taking the children to the Clare Tree Major play at the Warren High School next Monday afternoon and a cash gift was voted to Girl Scout Troop 51, sponsored by the unit. Principal Helen Morrow told of the work accomplished by the troop in the short time it has been organized. A play, "Tommy Sees For Himself", was presented by 16 boys and girls from the various grades and Dr. Doris Balslin, of Warren State Hospital staff, gave a splendid talk on problems of the adolescent child.

To Help Speed Victory

Our government through the War Production Board and other federal agencies is asking you to be careful in your use of utility services and fuels. If this is done, manpower will be conserved as well as critical materials necessary for war production and transportation.

This Company has ample capacity to meet the needs of this community. There is no shortage of water here for the necessary uses of our customers. Nevertheless, we are working with the Government's program and therefore ask you not to waste water.

We do not ask you to curtail any use of water necessary for public health or safety. We do not suggest that you use less than your normal requirements in your home. We do request that you eliminate waste by repairing leaks, replacing worn-out washers and being reasonable in your use of water outside the home, such as the washing of cars, porches and sidewalks.

We are asking all our customers to help in this program. Your efforts will conserve fuel, critical materials, manpower and transportation. Your cooperation will help to speed victory.
